LETTER TO THE EDITOR

Cecil, Oregon
June 17, 1951

Heppner Gazette Times,
Heppner, Oregon.

Dear Sirs:

Your column "The American Way" has some very good reading in it and I especially enjoyed the publication telling about the train robber and murderer taking control in Russia, the frustrated paper hanger taking control in Germany, the disgruntled coal miner taking control in England and the bankrupt haberdasher handling the affairs in America. This appeared in your issue of about May 24, 1951. It was my intention to save this item but it got away from me. Can you please send this column to me?

Following is a copy taken from the "Just Thoughts" column of the Condon Globe Times: "My thoughts this week seem to turn toward the seniors who are graduating from the two Gilliam county high schools this year. They are the first to graduate in the second half of the 20th century. Some of the older folks can look back a half century and recall the many advancements that have taken place since 1900. For general use there's the telephone, radio, television, automobile, airplane, radar, atomic energy as well as hundreds of other improvements, to say nothing of our ability to control the sun in its orbit by a mere proclamation of the governor."

I would like to compliment the Condon editor for his column and at the same time send him a copy of the above referred to item of your paper.

Yours very truly,
Grover C. Curtiss

The EASY-DOES-IT CORNER

Corner-Post Anchor Made From Old Harrow Disk

We heard about this clever corner-post anchor (below) that will stand a lot of fence pull—prevent sagging. Thought it might interest you.

Incidentally, you can add years to the life of any fence post by dipping it in Standard Wood Preservative. It seals the pores in all types of wood touching

ground—fights the causes of wood decay.

Apply it the same as ordinary creosote to grapestakes, fenceposts, mud sills, underpinning, hop poles, etc. You'll find it pays to apply Standard Wood Preservative a foot above the ground to retard fungus and rot. Call us about it. Serving your needs promptly is our aim as local businessmen.
