4-H Fat Stock Auction Acclaimed Success

Morrow County's fourth annual | Elks Club. 4-H Fat Livestock Auction Sale held as a part of the Morrow County Fair and Rodeo on September 7, brought high prices for all livestock sold and was announced the most successful sale of the four years by N. C. Anderson, County Extension Agent.

While the average price for livestock sold did not compare with at least one of the preceding years sales, 4-H members received premiums on all animals sold. Prices of all animals were comparable, a feature that is desirable as it gives one club member the same premium as another.

With John Varner, Hermiston Auctioneer crying the sale, sixteen fat steers brought a total of \$7099.50 averaging 47 cents a pound for their owners, fifteen lambs brought a total amount of \$1083.50 averaging 65 cents per pound, five pigs, \$348.35 averaging 34 cents per pound. Judy Thompson's grand champion lamb set a high record price of \$2.85 per pound when sold to Harold Cohn. Mr. Cohn then donated the lamb for sale for the benefit of the Fair Barn. 4-H members selling livestock and the buyers are as follows:
