

### 145 Students Register at Lone Schools

**By Echo Palmateer**  
The Lone Schools opened September 10th with a full corps of teachers, they are: Superintendent, Henry Osibov; David Raskin, music; other high school instructors are Russell DeBondt, Hubert Thoreson and Mrs. Maureen Nelson. The grade teachers are: Frank Ellis, 7 and 8; Mrs. Franklin Ely, 5 and 6; Mrs. Carl Linn, 3 and 4; and Mrs. Helen Weltmeyer, 1 and 2.  
Fred Buchanan is the school custodian, Mrs. Etta Bristow and Mrs. John Jackson are the cooks. The school building has been painted and calcemined throughout the inside. Two electric stoves have been ordered for the kitchen and ventilation fans have been installed for the lunch rooms, and the rest rooms. A merry-go-round and slide have been purchased for the play ground.  
Registration Monday morning found an enrollment of 46 in high school and 99 in grades.  
Superintendent Henry Osibov states there will be no school

They also entered a booth at the fair but did not receive a prize. The float represented Mistress Mary of Mother Goose fame with 8 little

### Farmers Advised Now Is the Time To Cash In On Your Old Scrap

"Harvest your iron and steel scrap right away. Turn it into cash. It is needed for the making of steel for the defense program." That's the appeal being made now to farmers by the Committee on Iron and Steel Scrap, American Iron and Steel Institute. Inventories of scrap are critically low at mills and foundries because of their record high production. Bigger stockpiles are needed if steel output is to be maintained and increased. "How much scrap is there on your farm?" asks the Committee. "Whatever the amount, it is badly needed. And there's money in it for you, if you harvest it now. At the first opportunity, get that scrap together. Take it to town and sell it to your scrap dealer. Or call him to your farm. If that cannot be worked out, ask the local farm agent to help make an

arrangement so that the scrap can be moved." A long step in the goal toward increasing the flow of scrap would be assured if each farmer sold only a few pounds of iron and steel scrap for each acre of farm land he operates. Worn-out parts of tractors, cultivators or other implements and discarded tools are among the items needed. The total consumption of scrap in the first half of this year was about 20 per cent higher than in the same part of last year. In June 1951, supplies at some steel plants declined to only a few days' reserves. With winter coming on, when scrap is more difficult to find, and with steel capacity scheduled to be sharply increased, the situation is truly critical, according to the committee. More scrap must be obtained from farms in order to make more steel!

girls who were: Nina Griffin, Delores Emert, Susan Lindstrom, Jeanette Osibov, Sharon and Mickey Lundell, Katherine Rea and Cheryl Lundell. Virginia Griffin was Mistress Mary.

Mr. and Mrs. Carl Hanstead of Newberg were guests of Mrs. Ida Coleman last week. Mrs. Hanstead is a sister-in-law of Mrs. Coleman.

## Heat and ventilate your home

with revolutionary new

### Coleman Blend-Air

Central Heating System (Gas and Oil Models)

Above, the furnace is located in the utility room with heat tubes in the attic. With basement installation, heat tubes are beneath floor.

**THE MODERN MIRACLE OF LOW-COST HEATING—**  
This new marvel of home heating is revolutionary in its performance. It conditions the home for health as well as comfort. Blends room air with freshly heated furnace air—recirculates it—keeps warmth even from floor to ceiling. Pre-engineered, factory-made to keep cost low.

**new 3 1/2-INCH HEAT TUBES** that fit any construction, whether old or new.

**new MAGIC BLENDER** in each room. It sucks in room air, heats it with hot air from the furnace, then recirculates it.

**new BLEND-AIR FURNACE** that forces warm air into individual heat tubes leading to each room. An efficient fuel-saver you'll always be glad to have.

**BLEND-AIR** is delivered in a package complete, ready to install. Come in and let us demonstrate—we'll show you why "Comfort costs so little with a Coleman."

For outstanding achievement Coleman has received the first award made in the warm air heating industry by the ASIE

Gas Models approved by American Gas Association; Oil Models listed under label service by Underwriters' Laboratories.
