

### Founders Day Feted By Soroptimists

The Soroptimist club met for their weekly luncheon and meeting at O'Donnell's. This October 18th meeting was in celebration of the 30th anniversary of the founding of the first Soroptimist club at Oakland, California, and past-president, Francis Mitchell, was in charge of the program and conducted a quiz on Soroptimist history and a prize was given to the winner.

There are 478 members in Canada, the United States, Alaska, Hawaii, Brazil and Cuba. One tangible way in which Soroptimists will mark this pearl jubilee of their founding is to contribute pennies—one from every member for each of the 30 years—for fellowships. The fellowships are awarded to women scholars for advance work in pioneer fields of research. So far three fellowships each for \$3000, have been given.

It was in the fall of 1921 that 80 business women in Alameda County, California, pooled their efforts to form a club dedicated to service and to the betterment of their community. They chose the name, "Soroptimist", coined from two Latin words, "Soror" meaning sister, and "optima" meaning "the best and highest good." Translated freely, the name means "the best for women" objective of all Soroptimist clubs.

In organizing, the women followed the pattern of existing men's clubs. Membership was by invitation and was limited to established, active executive women in specific classifications, with only one member from a classification in each club. The present Soroptimist International Association, while the youngest, is the largest classified or organized group of classified executive women in the world. The American Federation of Soropti-

### Coming Events

- Friday, Oct. 19—San Souci Rebekah Lodge.
- Monday, Oct. 22—Chamber of Commerce, noon, O'Donnell's Soroptimist public card party, Episcopal Parish Hall, 8:00 p.m.
- Tuesday, Oct. 23—Bookworms with Mrs. Floyd Jones.
- Degree of Honor.
- Thursday, Oct. 25—Soroptimist, noon, O'Donnell's.
- Elks, D.D.G.E.R. visitation.
- All Saint's Episcopal Auxiliary, Friday, Oct. 26—Ruth Chapter No. 32, O.E.S., initiation.
- P.T. A. Chili Supper, 5 to 7 p.m. at the school.

### Ione Garden Club Met Tuesday

The Ione Garden Club held their meeting in the basement of the Co-operative Church Tuesday of last week with Mrs. Harry Yarnell and Mrs. Gordon White as hostesses. A report on the Garden club was given and articles were read on different kinds of flowers. A vote of thanks was given Mrs. Omar Rietmann, general chairman of the flower show for the work she done to make the show a success. Also the club thanked Mrs. W. R. Wentworth for her work. Refreshments were served from tables decorated in the Hallowe'en motif. Those winning prizes were Mrs. Edith Nicholson, Mrs. O. E. Lindstrom and Mrs. Noel Doynbs.

Mr. and Mrs. W. O. Dix returned Sunday from a fortnight's stay in Seaside. Their daughter, Virginia, came down from Seattle and spent one weekend with them in Seaside and last weekend their granddaughter, JoJean, met them in Portland for a brief visit.

Mrs. W. C. Rosewall spent Monday and Tuesday in Portland.

mist clubs is one of its several member groups. The Heppner Soroptimist club is preparing a box of homemade jams and jellies for the disabled veterans at Walla Walla. This is one of the projects of the club.

### It's A Touchdown!

Here is a football you won't want to kick around; but every time you serve it your reputation as a hostess will land right between the goal posts for a touchdown. What could be more original and imaginative for your after-the-game party than this fluffy-textured, mouth-watering chocolate-coconut combination. New and different, it is versatile, too, for it can be served in countless ways. Try, for example, piling the mixture into sherbet glasses lined with lady fingers, for a wonderful Charlotte Russe. Or use it as filling for a refrigerator cake, or in a graham cracker shell for a delectable pie.

Whether you serve this Chocolate-Coconut Sponge Mold in the novel way pictured—a football on a field of green-tinted coconut—or in some other form, this is a dessert to cheer about.

**CHOCOLATE-COCONUT SPONGE FOOTBALL**

1 envelope unflavored gelatine  
 3/4 cup sugar  
 1/4 teaspoon salt  
 1 1/2 cups milk  
 2 squares unsweetened chocolate  
 2 or 3 tablespoons

3 egg yolks, slightly beaten  
 3 egg whites, unbeaten  
 1 teaspoon vanilla  
 1/2 cup shredded coconut, cut  
 1/2 to 1/2 cup chilled heavy cream  
 sweet cocoa mix

Mix gelatine, 3/4 cup of the sugar, salt, and milk in top of double boiler. Add chocolate. Cook over hot water until chocolate is melted and gelatine is thoroughly dissolved. Blend well with rotary egg beater. Pour slowly over egg yolks, stirring constantly. Return mixture to double boiler and cook 3 minutes longer, stirring constantly. Cool 10 minutes.

Beat egg whites until foamy throughout. Add remaining 3/4 cup sugar gradually and continue beating until mixture will stand

in stiff peaks. Fold in chocolate mixture gradually, blending well. Add vanilla and coconut. Turn into 1-quart melon mold. Chill until firm, then unmold.

Combine cream and cocoa mix in small bowl. Beat with rotary egg beater until fluffy and thick. Spread over unmolded sponge and decorate top with shreds of coconut to resemble football lacing. Surround with additional coconut, which has been tinted green. Makes 7 to 9 servings.

### Hep-Hi HI LITES

By Eleanor Rice & Donald Blake

Eight new pep members were initiated last Thursday. Besides having to dress in outlandish costumes, several of the group had to give short speeches before the Student Body.

After the rally, that evening, the initiation was completed. The Pep Club would like to congratulate the new members on their excellent sportsmanship.

The Junior class has chosen the play, "The Night of January Sixteenth" for the annual fall production.

Tryouts were held Wednesday evening and the cast will be announced in the near future.

Two National champion archers, the Dill brothers, at the first National Assembly Program, demonstrated trick and precision archery to the students of Heppner on Monday the 15th.

The show was a mixture of humor and skill with a short explanation of the fundamentals of archery.

An Editorial, in the last issue of the Hehsch, thanked the Heppner businessmen for the advertisement of the first home game, which they sponsored in the Gazette Times.

Many people have asked where the school paper got its name, Hehsch. It comes from the following three words: HEPPNER High School. At one time it was the name of the Annual but now it is the name of our High School Paper.

Mrs. J. J. Farley and Mrs. Clive Huston were in Pendleton Thursday where they encountered a torrential rain and thunder storm early in the afternoon. They report that rain stood to the depth of four inches in the streets during the height of the storm and en route home, they observed the dust blowing in Echo.

Women's Society of Christian Service meets the third Wednesday of each month at 2 p.m.

The Annual Bazaar of the Women's Society of Christian Service will be held on November 17.

### More Green Peas For Processing Grown In County

Morrow county farmers now raise more green peas for canning and freezing than they did for all markets combined only three years ago.

U. S. Department of Agriculture figures show that Morrow county harvested 203 acres of peas for sale to canners and freezers this year. In 1948 the county raised only 150 acres of peas for both the fresh and processing markets.

Growers were able to sell the harvest from this larger acreage because steady expansion of the canning industry provides ready markets for greatly increased production of cash crops, explained Dr. H. E. Michl, economist for the American Can Company, manufacturers of metal containers.

Farmers in the rest of the state have also increased their acreage of peas for processing beyond the total for all markets in 1948. This year 56,000 acres of green peas were planted for canners and freezers. Three years ago the total for fresh plus processing was 41,430 acres.

### HOW TO SELL YOUR RANCH

Write for free information on the new method that brings results—one ranch sold EVERY TWO DAYS last month by our organization. With nearly 100 branch offices throughout the West, we offer you ACTION backed by the largest national advertising campaign ever developed to bring BUYERS to your ranch. Write today for information on our organization—no obligation.

### People have asked... "Oil Progress? Should that mean something to me?"

The oil companies of America are now observing Oil Progress Week. Some people outside the industry have asked, "Oil Progress? Should that mean something to me?"

The answer is "Yes, indeed!"—for oil progress directly affects the lives of all Americans, and the rest of the civilized world as well. One indication of the strides the industry has made is a count of its products. Fifty years ago, we were getting only about a dozen different products out of crude oil. Now Standard produces more than 1100. What we ourselves produce, plus what's made with the help of products we provide, adds up to a seemingly endless list of things that make your life better.

natural gas hydraulic oil motor machine oil floor wax plastic cement printing inks automobiles truck dip carbon paper roof coating detergents leather oil egg oil shoe polish paint cleaners paraffin wax fly spray

instrument oil wood preservative wax petroleum jelly waterproof canvas diesel motor oil cold cream ice cream al sprays gum wrappers paper oil adhesive tape naphtha metal aluminum asbestos coating photographic film cup grease fluid water softener universal milk cartons cylinder oil mixed hexanes mineral spirits

Your car can be "like new" longer with a motor oil developed by Standard's scientists using atomic energy. It cuts engine wear as much as one-half, compared with conventional oils.

Your country's military strength is increased by jet fighters. Standard developed the first jet fuels used by the U. S. Our fuel progress continues with today's super-jets.

Your cleaning chores are easier thanks to today's new detergents. Standard pioneered their development, now supplies a large portion of the nation's needs.

The growth of the industry over the years has meant the development of thousands of oil companies, large and small. All are needed—to serve you better, and keep the nation strong. As the industry progresses, the gain is yours... for your progress and oil progress go hand in hand.
