Hep-Hi HI LITES

By Eleanor Rice and Don Blake

Last week we said that everyone was making plans for a big Thanksgiving holiday and this Monday you could surely tell that they had it, but by Tuesday everyone was back to normal.

The student council has started on an improvement campaign of the school activities. They made a schedule for the different club and class meetings, the student council and the student body meetings. It was decided that the student body secretary would post the minutes of each student council meeting and a weekly calendar of events on the bulletin board so that everyone will know about new rules or other things which may come up.

Mr. Lyons was over from Hermiston again and individual pictures were taken of the juniors, seniors and faculty for the annual. He also retook several pictures.

"The Night of January 12th", the Junior Class play will be presented on December 5th and 6th.

The play has a large cast which was picked from the whole student body. Mr. Knight, the director, has been having rehearsals every evening.

Hepner's basketball season will open with a jamboree at Arlington Saturday, December 1st at 7:30. Arlington, Condon, and Fossil will also be there. The first game will be Hepner vs. Arlington and each team will play every other team for one quarter.

The Hepner band has also been invited and is planning to go.

Notice To The Logging Industry

The Inter-Mountain Logging Conference in conjunction with the Goodyear Tire and Rubber Co. will present a program on tires, wheels and rims at

COMMUNITY HALL, KINZUA
MONDAY, DEC. 3, 7:00 P. M.

The purpose of the meeting will be to offer up-to-date information in selection, maintenance and use of tires, wheels and rims in the logging and lumbering industry. All interested parties from this area are invited to attend. There is no charge.

You get a real job on all jobs!

When you're buying "one truck that has to do a dozen different jobs," you'll be money ahead to choose light or medium-duty Internationals.

That's because these Internationals are engineered to do a good job on a wide range of hauling assignments. From engine to axle they combine features that pay off on general-purpose hauling.

You get an all-truck engine designed exclusively for truck work... a rugged, all-truck chassis for longer life, lower maintenance... Super-steering system for greater maneuverability... the COMFO-VISION CAB, "roomiest and most comfortable on the road."

If you want a truck that does a real job on all jobs, call us, or come in. You'll be money ahead to get the complete story on Internationals, soon!
