County Agent News

By N. C. Anderson
Much interest has been shown during the past few years on the use of nitrogen fertilizers to increase yields of various crops. Here in Morrow County we have stressed commercial fertilizers to some extent.

During the past week or two the county agent has had the occasion to visit several of the lots where cattle have been wintered and are being calved out. In looking about there are thousands of dollars worth of nitrogen in the manure in these lots and sheds. It is very seldom that we see this manure being gathered and hauled to the field for fertilizer. In fact, only a few years ago many hundreds of tons of sheep manure were trucked from Morrow County to be processed and sold at a high price to return to the soil.

Many ranchers will argue that in years past they have used this manure to fertilize dryland fields

only to find that the crops grown upon them were rank, "burned" and produced no grain. I will grant that this could happen on dryland crops, especially many years ago. But, our soils are getting more deficient in nitrogen as time goes by. If dryland farmers are skeptical about using manure, there is still a big opportunity for those with irrigated land.

Half of the value of manure can be lost by improper handling before the manure gets to the field. Much of this loss can be avoided by handling the manure in the following manner.

1. Where sheds are used, superphosphate should be used to hold the ammonia so that it does not escape as a gas. Spread superphosphate at the rate of one pound per cow per day.

2. If possible store manure under cover to prevent moisture runoff. A loafing shed is ideal for this respect.

3. If you spread manure dur-

ing dry weather, work it into the soil as soon as possible to avoid losses of volatile ammonia caused by the drying effect of warm winds.

4. Apply manure to established pasture just before or during rainy weather.

Now on the market is a new chisel-tiller said to operate efficiently at lighter draft in all types of tillable soils. Users report that it works especially well in hard, dry or trashy fields, holding the desired depth uniformly without jumping out, and without excessive trash clogging.

Design features include sturdy, flexible shanks; "4-square" twist-proof box girder frame and shank mounting; anti-friction bearings on pneumatic-tired wheels; hydraulic lift and depth control from tractor or hand pump; and quick, easy change of shank spacings and swath width.

The chisel-tiller is produced in four models, affording a choice of 11 sizes with wings and extensions. Builders Kratuse Plow Corporation, Hutchinson, Kansas.

1952 Fords to Go on Display this Friday

Rosewall Motor Company, along with Ford dealers across the country will introduce three new lines of Ford cars to the general public Friday. The new Mainline, Customline and Crestline series are new in every respect and all feature Coachcraft bodies, Ford officials announce.

The general Ford appearance has been retained, but greatly modified in the 1952 models. Engine power has been increased to 110 in the V-8 and a completely new 101 horsepower valve in-head six cylinder high compression, low friction Mileage-Maker engine.

Many new features are to be found throughout the cars including extensive refinements and conveniences and new luxurious interior treatments in the smart Crestline series. Greatly increased glass area in all models will aid visibility.

Three completely new models introduced this year include the Ranch Wagon, a two-door, six passenger unit with all steel

body; a Country Sedan, a four door, eight passenger model and the Country Squire, another four door, eight passenger model with wood trim over steel side panels.

every age. Youth Fellowship Class and Adult Bible Class meets at this same hour.

Thursday Choir Practice at 8:00 p. m.

The Womens Society of Christian Service will meet with Mrs. Alec Green at her home Wednesday evening Feb. 6 at 8:00 p. m.

Suzanna Wesley Circle of the Womens Society of Christian Service meets the third Wednesday of each month at 2:30 p. m.

Boardman News

By Flossie Coats

The Boardman Yellow Jackets were again winners in the third league game this season when they took honors from the Lexington Jackrabbits on the Boardman floor Friday evening January 25th 66-24. Gillespie was high point man with 19 points and Rash second with 14. The Boardman grades won over the Lex. graders 17-15 in the preliminary game.

The Jackets lost the league game with the Lone Cardinals on the lone floor Saturday evening in a very close and exciting game

Mr. and Mrs. Walter Hayes are the owners of a new 1951 Chevrolet.

Mr. and Mrs. George Brune and children spent the weekend at their apartment in Portland.

Mrs. Zoe Billings entered the St. Anthonys hospital, Pendleton Sunday where she will under go a minor operation Monday. Her step-father and mother Mr. and Mrs. Charles McDaniels, Harde-

man are here staying with their granddaughters during Mrs. Billings stay in the hospital.

Mrs. J. M. Cornelison, Pendleton is substitute teacher for Mrs. Billings.

Mr. and Mrs. Truman Messenger Sr. and family, Lexington attended the basketball game in Boardman Friday evening.

JOHN DEERE DEALER to ENTERTAIN FARMERS and THEIR FAMILIES

"GALAHAD JONES"

WITH RICHARD CRANE, MARJORIE LORD, ELIZABETH PATTERSON, AND JONATHAN HALE

A full length feature picture, "Galahad Jones," will highlight the parade of entertainment to be staged for farmers and their families who attend the 16th annual John Deere Day show as guests of Empire Machinery Co., on Tuesday, Feb. 12 at Star Theater.

"Galahad Jones" centers around a farmer's son, recently graduated from law school, who thwarts the efforts of a big-time crook to profit from his political connections. It is a present-day problem picture with a moral and plenty of laughs for good entertainment.

Richard Crane, playing the part of "Galahad Jones" is ably supported by Marjorie Lord, Elizabeth Patterson, Jonathan Hale, Ed Brophy, and four other Hollywood personalities.

Five other new pictures are included in the fast-moving program, according to Bob Grabill. One of the films, "The Big Payoff," features Tom Gordon, head of the memorable Gordon clan, who has been so popular in previous John Deere Day pictures. Another picture, "Oddities in Farming," is patterned after last year's popular film of the same name. "What's New for '52" will acquaint those in attendance with new John Deere implements and is sure to prove of interest to every farmer and family. "The March of Harvest Time" and "Voices of Experience"—the two movies that complete the program, deal with subjects close to the heart of every farmer.

Lunch will be served at 12 noon at the Empire Machinery store and the show starts at 1:30. There is no admission charge.
