How to make good telephone service even better...

How to treat your telephone

The best way to spruce up your telephone is to polish it with a soft, dry cloth... never with water or any other liquid. You'll find that it'll always be ready to serve you better, too, if you keep these simple pointers in mind: Avoid "gadget" attachments... keep cords free of doorways where they may be pinched... and always keep water away from wires and fittings.

its precision-built... and it can develop ailments if it's dropped.

So make sure the stand your telephone sits on is solid...

and located in a place where the instrument won't be accidentally knocked off onto the floor.
