130 Acres a Day on **LESS THAN A TANKFUL**

Read what one owner has to say about his John Deere Model "R" Diesel: "Pulling a 20-foot Surlux Tiller, we cover 130 acres in a 14-hour day with an average fuel consumption of 1.45 gallons per hour." Figure it out, that's 20.3 gallons out of the 22 gallon tank—better than six acres worked for every gallon of fuel used.

Amazing economy? For most tractors, yes.

but for the Model "R" such outstanding operating economy and big daily capacity are everyday occurrences. If you're farming large acreages . . . have extremely difficult conditions . . . do custom work on a variety of farm jobs, the Model "R" is the tractor for you. Stop by the store and get all the facts about the outstanding John Deere Model "R" Diesel.
