

Farm Wage Rate Hearing to be Held

Agricultural employers, workers, their representatives and all other interested persons are urged to attend a wage hearing to be held at the County Court room in Heppner, Tuesday evening, May 6, 8:00 p. m. This hearing was arranged

through efforts of the Oregon Wheat Growers League after a recent one at The Dalles, realizing that farmers in the Columbia Basin are or will be this summer, in violation of the National Wage Stabilization regulation of farm wages. Many farmers are not aware of the fact that they may pay their labor only 15% more than he paid in 1950. If a farmer is in violation of the wage regu-

lation he may be penalized by the disallowance of all wage payments as operating expense for income tax purposes. Farmers in violation may apply for an adjustment if it is warranted. Before such adjustments can be made on a county or area basis, an average of prevailing wage rates must be determined. This will be done at the May 6th meeting.

Hearings being held in all Columbia Basins during the week of May 5-10 will be summarized at a general meeting in Pendleton, May 10, where county wage schedules will be reviewed by the wage board to see what can be done.

This meeting is of much importance to farmers who hire any help during the season and all are urged to attend.

County Agent News . . .

By N. C. Anderson
Breeding cows for early calving is the thing to do according to the Extension Service Animal Husbandman of Purdue University. Beef calves born in January, February or March are more profitable and are easier to keep the following winter than those born later in the year. The income of a beef cow, according to this report is measured by the value of her calves on October 1 or at the end of the pasture season. Missouri records on 11,000 cows over a ten year period show that on October 1, January calves averaged 50 pounds heavier than February calves. The February calves on the other hand weighed 37 pounds more than the March calves, and March calves outweighed those born in April by 33 pounds.

Looks like it is time to get the bulls turned in the herd if they are not already there.

CHURCHES

ASSEMBLY OF GOD

Vacation Bible School Planned

Preliminary arrangements for the annual Daily Vacation Bible School were made Wednesday afternoon at a meeting of representatives of the Christian and Methodist Churches and the Union Missionary Society. Dates for the school this year will be from June 9 through 14. Classes will be held in both churches and teachers will be local people. A meeting of the group has been set for May 5 at 2:00 o'clock in the afternoon at the Methodist Church to complete plans for the school. Wednesday's meeting

was held in the Christian Church and was attended by Rev. Earl Soward, Mrs. Marcel Jones, Mrs. Paul Jones, Mrs. Willard Warren, Mrs. Frances Beck and Mrs. M. R. Hildebrand for the Christian Church; Rev. J. Palmer Sorlien and Mrs. Darl Hudson for the Methodist Church and Miss Opal Briggs and Mrs. Harvey Wilhite for the Union Missionary Society.

Mrs. John Ernsdorff and Mrs. Wilbur Worden were called to Parsons, Kansas Thursday by the death of their father. They made the trip by plane. John Ernsdorff and sons, Jackie and Eddie, left Friday for Parsons by car and the ladies will return with them. During Mrs. Ernsdorff's absence, Mrs. William Richards is working as surgical nurse at Pioneer Memorial hospital.

How to make good telephone service even better . . .

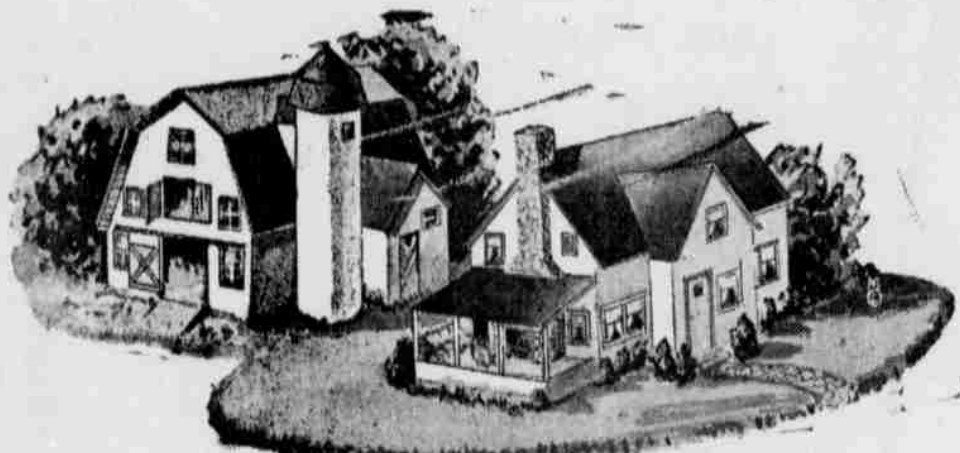

You'll complete more calls if you . . . always give your friends a full minute to answer

You know, people can't always get to the telephone to answer it the moment it rings. They may be busy in the garage, or the basement, or some distant part of the house. That's why you'll so often save yourself the disappointment of an incompleting call if you give them plenty of time to answer . . . at least a full minute. You'll not only often save yourself the inconvenience of calling again later, but waiting those few extra rings is a courtesy your friends will appreciate when they can't answer immediately.

this free booklet for the local and long distance telephone numbers you call most often is yours for the asking. Just call, send a postcard, or drop in to your nearest Pacific Telephone business office.
