The truck that grew up on the farm!

The builders of International Trucks have a background of over 100 years' experience in building heavy-duty equipment for farmers.

To this add 45 years' experience in building heavy-duty trucks. This combined experience is put to good use. The result is an International Truck engineered to do your hauling more economically.

This is only one of many advantages you enjoy when you choose an International Truck. Why not choose your next one now?

You can't beat these International Truck exclusives:

- All-truck engines—built in the world's largest truck engine plant.
- The "roomiest, most comfortable cab on the road"—the Comfo-Vision Cab.
- Super-steering system—more positive control, easier handling and 37° turning angle.
- The same traditional truck toughness that has kept International first in heavy-duty truck sales for 20 straight years.
- The truck engineered for your job... 115 basic models, from 1/2-ton pickups to 90,000 lbs. GVW ratings.
- Largest exclusive truck service organization.

International L-160 models offer 130 to 172-in. wheelbases, GVW ratings from 14,000 to 16,500 lbs.
