The 7th and 8th grade banquet was held in the school gym on Saturday evening. Frank Ellis gave awards to fifteen of the boys. L. L. Rowena Loops Will Yield to Highway Progress

About eight miles west of The Dalles, Rowena Heights are up-reared on the South bank of the Columbia, a rugged barrier reaching practically from the river's edge to the crowning scenic point of Mayer Park some 747 feet above. When the early-day residents around The Dalles came down to Portland they took to the river boats to get around Rowena. Pioneering highway engineers got around by 'snuggling close to her curving shoulders and climbing up and down, loop on loop. It was the long way around and a scenic way but it ate up the

gas and killed time and many persons didn't like it. The top picture shows the original highway, near the crown of Mayer Park before it was paved. The lower photo looks down at the "Rowena Loops" from close to the top. But now Rowena Loops are on their way out so far as major traffic is concerned. Initial contracts recently have been let for the construction of a water grade modern highway along the river at the foot of the cliffs. The new way is programmed to be completed in the late fall of 1953.

Bert Mason Jr. and children and Mrs. Alfred Nelson Sr. of Oak Grove spent several days here with relatives and friends.

If you're for IKE... VOTE FOR THESE 10 DELEGATES-AT-LARGE

to be certain your vote will count at the National Convention

Here's why these 10 are recommended

In the name of the Eisenhower-for-President committee, Sen. Henry Cabot Lodge, Jr., chairman, issued the following statement, Saturday, May 10:

"We urgently request that you recommend to the Republican voters in Oregon a list of the most widely known and representative candidates for delegate-at-large to the Republican National Convention so that voters who favor Eisenhower's nomination may not scatter and waste their votes among the 50 candidates who are now running for the 10 delegate positions.

We fully realize the difficult and embarrassing task you will confront in choosing such a list from among the very many strong and worthy candidates who are on the ballot, but we are convinced that unless such a list is recommended by your Committee, the heavy Eisenhower majority vote will be dangerously scattered and diluted, and the concentrated minority vote for the Taft candidates might elect many of them. They should be defeated in their scheme of filing by petition to escape the moral and legal obligation of supporting the choice of the majority of the Oregon voters. The only way to defeat that scheme is to concentrate the majority Eisenhower vote on a list of candidates recommended by Oregon's own Eisenhower Campaign Committee."

You're money ahead when you buy on these PLAIN HARD FACTS

RUGGED as they come!

(Continuation of standard equipment and trim illustrated is dependent on availability of material.)

Stack up what you get for what you pay . . . and join the nation's largest group of truck users by choosing Chevrolet

By far the biggest number of truck users today are Chevrolet owners . . . and for good hard-headed reasons. Because what they get is this:

Low Cost—in purchase price and in upkeep. A truck that gets the job

done. A truck that's rugged, long lasting.

Take a look at the four facts below . . . and see why you, too, will be money ahead with a Chevrolet truck. Come in and see us about it!

FACT NO. 1

Save money on purchase price
Stack up a Chevrolet truck against any other truck with comparable specifications. You'll find the Chevrolet truck lists for less.

FACT NO. 2

Save money on operating costs
Hundreds of thousands of truck users have proved to their own satisfaction that Chevrolet costs the least of all to own and maintain.

FACT NO. 3

Save money on job efficiency
Chevrolet trucks are factory-matched to your payload requirements. You don't buy "too much or too little truck."

FACT NO. 4

Save money on low depreciation
Records show that Chevrolet trucks traditionally bring more money at resale than any other make which costs about the same new.
