Facts, Not Propaganda

This paper has taken very little space in an attempt to "sell" the proposed sewer system to the people of Hepner. Nor do we intend to try.

We believe the plan developed through the efforts of the city council to be sound and workable and we are just as firmly convinced of the need of such a sewer system. It is our belief that if the people of Hepner understand the plan thoroughly, how the system is to operate, how it is to be paid for, and many of the other "facts" concerning it, that it will sell itself. We think that most people know full well the need of such a system... that the big thing is to present the actual facts of the plan so that each will know just what it is all about—from definite well established information and not from second hand stories that frequently are distorted.

We have attempted to present many of those facts through news stories and explanatory editorials, and we shall continue to do so. We have tried to anticipate what questions are being raised in the minds of the people who will be effected by the system—the people who are going to have to pay for it.

\$300,000 sounds like a lot of money, and even with today's multibillion dollar budgets, it is a lot of money, but it is not a prohibitive figure particularly when considered over a long period of time. It has been determined that about the maximum any home owner will have to pay will be 10c a day which is less than many are now paying to keep their septic tank operating.

To us, two of the most important facts, and the two we think are most misunderstood are (1) that the present 10 mill tax levy now being paid by city residents into a sewer sinking fund, along with a small increase in the sewer use charge, will probably be sufficient to pay for the system. There will NOT be another heavy levy on top of the present one. In other words, if we vote yes on the proposal we are merely borrowing money to get our sewer built now instead of waiting until the cash is raised—a common practice in most businesses. We can use our sewer while we are paying for it.

The other point is (2) every home in Hepner will be served by the sewer and it will be run right to the property line. Each property owner will have to stand the cost of running his own sewer line out to the edge of his property but he will not have to pay for any hookup line a block or so long unless his house happens to be situated that far back on his own lot and we don't know of any such case in town. No extra hookup charges are planned if the property owner connects to the sewer at the time it is laid.

There are many other questions that are sure to be high in the minds of many and the purpose of the town meeting Friday night is to give each one the answer to his questions. It will be a roundtable affair with council members and engineers present for the purpose of giving the story of the plan and answering the questions you may ask.

You'll get the whole story at that meeting—if you are there to hear it!

County Agent News

By N. C. Anderson

Perennial noxious weed control time is here. Each of the various noxious weeds are controlled best by different applications at specific times.

Morning glory is perhaps the most common noxious weed in the county. Several farmers have checked for latest methods of control during the past week, which indicates that control time is here. Morning glory should be in bloom when treating for best control. 2,4-D is the cheapest method of control, even though several applications are necessary. Apply at the rate of 2 1/2 quarts 2,4-D per acre. Nothing less than 10 gallons of water per acre should be applied and if small areas are treated water can be profitably used at the rate of 50 to 60 gallons. This application when applied with a hand gun would wet the plants till water started to drip from them. A second application can be made in most cases for regrowth, during the summer. If on summerfall, to be planted to fall wheat, application should not be made within 45 days before planting.

White top is another weed, while not so widespread as morning glory, that needs attention. Two and one-half quarts of 2,4-D in 10 to 60 gallons of water per acre is recommended. Spraying

should be made when plant is in the rosette stage, preferably, however, good control has been achieved by spraying in full bloom. Applications should continue as long as regrowth appears until controlled.

Russian knapweed, a tough one in the past to get rid of, is being controlled more easily now. Work in neighboring counties as well as experience in last years county weed control program shown that 10 lbs. of parent acid of 2,4-D is giving a high percentage kill. This is three gallons of 2,4-D per acre. Apply with 60 to 100 gallons of water per acre. Application experiences has shown that late applications, around July 1 to August 1, have given best results.

One of the best bets most of our farmers are using in weed control is the use of Spreader-sticker materials in their spray mixes. Whether it is for weed spraying, tree spraying, cattle spraying or what have you, the application of these materials is the best insurance of a good job that you can make. They are available as commercial preparations, or detergent-type soap powders, such as Tide can be used. The commercial preparations are generally much cheaper to use. The best money you can spend would be a can of spreader sticker to keep on hand for those spraying jobs.

LETTERS TO THE EDITOR

To The Editor:—

On behalf of the American Legion Auxiliary and hospitalized veterans and their families, we wish to take this opportunity to thank you and every one for their generosity in contributing to the Poppy Drive.

Thanks to the cooperation of the Hepner and Lexington merchants, our poppy window card display was a huge success.

We wish to thank Misses Janice Prock, Wanda Matteson, Beth Ball and Meredith Ann Sorlien for helping our drive by making house to house calls with poppies in Hepner. The poppy booth conducted by numerous members of the Legion Auxiliary received many generous donations and we also received a very helpful amount from Lexington, where Mrs. Bill Nichols, with the aid of some young girls, canvassed from house to house.

Because of the whole hearted cooperation and generosity of everyone, we are able to say we have done a little to help those who have done a lot. Thank you! Hepner Legion Auxiliary

Mrs. Josie Jones left Thursday for Portland where she will spend a brief vacation with her daughter, Mrs. Venice Stiles.

SUMMONS
Equity No. 4046
IN THE CIRCUIT COURT OF THE STATE OF OREGON,
For the County of Morrow,
REX ELLIS and NONA ELLIS,
husband and wife, Plaintiffs,
—vs—
R. S. HOWARD, Receiver, and
MARTHA WHITE and JOHN DOE
WHITE, her husband, whose true
name is unknown to plaintiffs
and all the unknown heirs of
MARTHA WHITE, if deceased.
Also all other persons or parties
unknown claiming any right,
title, estate, lien or interest in the
real estate described in the complaint
herein, Defendants.

real estate described in the complaint herein, Defendants.

To: R. S. HOWARD, Receiver, and MARTHA WHITE and JOHN DOE WHITE, her husband, whose true name is unknown to plaintiffs and all the unknown heirs of MARTHA WHITE, if deceased. Also all other persons or parties unknown claiming any right, title, estate, lien or interest in the real estate described in the complaint herein, Defendants.

IN THE NAME OF THE STATE OF OREGON: You and each of you are hereby required to appear and answer plaintiff's complaint filed against you in the above entitled court and cause within four weeks from the date of the first publication of this Summons upon you and if you fail to so appear or answer for want thereof, plaintiffs will apply to the above entitled Court for the relief prayed for in their complaint, to-wit:

For a decree quieting title to the following described real property, situate in Morrow County, State of Oregon, to-wit:

All of Section Nine (9) in Township four (4) North, Range twenty-six (26) East of the Willamette Meridian; Government Lots seven (7), fourteen (14) and the East half of Lots five (5), eight (8) and thirteen (13) all located in Section sixteen (16), Township five (5) North Range twenty-six (26) East of the Willamette Meridian, together with a road easement across Lot six (6) in Township five (5) North Range twenty-six (26) East of the Willamette Meridian.

and that it be adjudged and decreed that the plaintiffs are the owners in fee simple of said real property, and that whatever interest or title you may claim to have in said real property is null and void, and that each and all of you and all persons or parties claiming by through or under you be forever barred and restrained of and from all claim, right title and interest in and to said real property and every part thereof, and for such other and further relief as may be just and equitable.

This summons is published by order of the Hon. Garnet Barratt, Judge of the County Court of the State of Oregon for the County of Morrow, made and entered on the 2nd day of June, 1952, directing publication of this summons upon you once a week for four successive weeks in the Hepner Gazette Times, a newspaper of general circulation, published in Morrow County, Oregon, and of general circulation therein and the date of the first publication of this summons is June 5, 1952.

NOTICE is hereby given that the Oregon State Land Board will receive sealed bids at its office in the State Capitol, Salem, Oregon, up to 10:00 o'clock A. M. on Tuesday, July 1, 1952, for the leasing, of tide and overflow land described hereinafter, giving, however, to the owner or owners of any land abutting thereon, for a period of 48 hours after opening of said bids, preference right to lease said land at highest price offered, provided such offer is made in good faith, and provided the Land Board reserves right to reject any and all bids.

Said land is in Morrow County, Oregon, and is described as follows:

All tide and overflow lands lying between normal high and low water marks fronting and abutting Lots 1 and 2, Sec. 15, Twp. 5 N. R. 26 East W. M.

Bids must be accompanied by a certified or cashier's check or postal money order for the full amount of the first year's rental, and no bids will be considered for less than \$150.00 per annum, lease to be for a minimum period of ten years. In addition to the amount bid, successful bidder shall pay the cost of advertising. All bids should be sealed and addressed to E. T. Pierce, Clerk State Land Board, Salem, Oregon, and marked "Bid to lease overflow land".

Dated at Salem, Oregon, May 14, 1952.

E. T. PIERCE
Clerk State Land Board
