

Lumber-Donated For New Church At Monument

By Millie Wilson

A committee from the Presbyterian Church Board called on Orville Smith in Heppner last week to ask prices of lumber to build an addition to our tiny church in Monument. They were greatly surprised and Oh, so thankful when Mr. Smith told them not to bother with an addition but that he would give them lumber for a new church. Now is the time for the people of Monument to donate their time and money to erect this new church. We in Monument have been terribly handicapped because of the limited space in our tiny church. It has been necessary to hold all weddings and funerals in the gymnasium. Even though Mr. Smith has been so kind and generous it will still take both money and work to complete the project. Here's hop-

ing every man, woman and child in the community, will get behind this undertaking.

Mr. Charles Derenfield left Monday to attend Presbyterian Synod in Portland. While there he plans to do some shopping for bathroom fixtures for the Manse. Mrs. Raymond Hooker and daughters took him as far as Pendleton where he took the train for Portland.

Mr. and Mrs. Lindell Broadfoot and Dane Broadfoot of Grants Pass came to Monument last Sunday to move the remainder of their household furnishings to Grants Pass. Mr. A. W. Guddat moved into the Broadfoot house as soon as they moved out.

The ladies of the H. E. C. sponsored a bridal shower at the Grange hall last Sunday afternoon, honoring Miss Yvonne Stoneman whose wedding will be June 29. Miss Stoneman received many beautiful gifts from her many relatives and friends. There were 38 present. Refreshments of ice cream and cake were served.

Mrs. John Randell of Lonerock will visit her mother until after the marriage of her daughter, Yvonne Stoneman to Norris Stubblefield on June 29.

Nick Durst and wife and their son, Sam and wife of North Dakota arrived at Hamilton to visit his brother, John Durst and other relatives. He will also visit another brother and his wife, Mr. and Mrs. Henry Durst of Monument. On Sunday Mrs. Katie Hinton and daughter Aileen of Hamilton were hostesses at dinner honoring the three brothers and their families.

Mrs. Robert Croft was taken ill last Saturday. Mr. Croft took her to consult a doctor at John Day. Mrs. Raymond Hooker is caring for the Crofts' two small sons.

Mr. and Mrs. Joe Mellor drove to Prairie City last Saturday to get Mrs. Mellor's sister Mrs. Bob Kimberling and children. Mrs. Kimberling will visit her parents Mr. and Mrs. Lee Fleming and other relatives. Mrs. Mellor's

OLD FASHIONED PRESERVES

—Photo courtesy Ball Bros. Co.

A dish of your own home-made strawberry preserves is the surest way in the world to bring a gleam into the eyes of the lucky people who sit down to your table. The story is wonderful from beginning to end—the making of the preserves with the aroma of the bubbling sirup filling the kitchen; the sight of the rich red fruit and sirup in Ball Jars on your shelves; and, finally, the serving of the preserves, perhaps with hot, flaky biscuits.

The strawberry season will be upon you before you know it, so have your Ball Mason Jars and Ball Dome Caps ready to use the first day you see strawberries suitable for preserves in your garden

or on the market. The season is all too short and you might wake up to find you've waited until too late.

For preserving, strawberries should be of medium size and firm-ripe. Preserves should be cooked in small batches, not more than two or three quarts at a time. A recipe for Old Fashioned Strawberry Preserves from the Ball Blue Book calls for 2 quarts of hulled berries and 7 cups of sugar. Mix berries and sugar and let stand overnight in a cool place. Bring slowly to boiling, then boil rapidly until berries are clear and sirup thick. Skim and pour into hot Ball Jars. Seal while boiling hot with Ball Dome Caps.

Grandmother, Mrs. Fay Gay accompanied the Mellors to John Day.

Mr. and Mrs. Jim Wedgworth were attending to matters of business in John Day last Saturday.

Mrs. Mary DuBosch, Mrs. Linnie Gilman, Mrs. Helen Brown, Mrs. Theo Owings were hostesses to a pink and blue shower last Wednesday at the home of Mrs. Linnie Gilman, honoring Mrs. Ray Davis. Guests from a distance were Mrs. Davis's mother, Mrs. S. E. Lewis of Cottonwood, Mrs. Iva Font and Mrs. Jiles Lewis, both sisters-in-law of Mrs. Davis from California. Also Mrs. Dean Enright and Mrs. Richard Cox of Cottonwood. All together there were twenty present. Mrs. Davis received many beautiful presents. The hostesses served refreshments of cake and ice cream.

Chet Brown was attending to matters of business in Three Sisters last Thursday.

Mr. and Mrs. Roy Vawter and son Dick of Boise were weekend guests of Mrs. Vawter's parents, Mr. and Mrs. Chet Brown.

Andy Vandetta took suddenly ill last Saturday and passed away in less than an hour. Mrs. Flowers was called but it was too late. Driscoll's ambulance took the remains to John Day.

The Grange members held their social night at the home of Mr. and Mrs. Gus Strecker last Friday. The Streckers were presented a wool blanket as a gift for their new home and as an anniversary gift. The 20th being their anniversary.

Bill Settle drove to John Day last Saturday and traded his pickup for a new Plymouth. Mrs. Settle broke the new car in when she drove it to Heppner to bring the new grandson, Charles William Settle, home from the hospital. She was accompanied by the father Delmar Settle. Mrs. Settle and baby stood the trip home in good shape.

Mrs. Chance Wilson was both surprised and pleased when a big six foot young man called at her home last Wednesday and he stated that he was Delmar Hin-

Moro Field Day July 2 to Show Trial Plantings

Fertilizer trials, annual cropping plots with and without fertilizer and rate of seeding experiments will be featured at the Moro branch experiment station field day Wednesday afternoon, July 2, announces George Mitchell, station superintendent.

Starting at 1:30 p. m. the field day program will last about two hours.

Mitchell reports that fertilizer has been applied on Elmar wheat at the following rates of actual nitrogen: 20, 40 and 60 pounds per acre. Nitrogen applied in the fall was anhydrous ammonia and ammonia nitrate. Spring applications are ammonia nitrate.

The annual cropping plots were started this year at the request of the Oregon Wheat Growers League. Nitrogen was applied this spring at 30, 45, 60, and 75 pounds of actual material per acre on fall disked winter wheat stubble. It was then re-seeded during late March to Federation wheat.

Visitors will also have opportunity to compare Elmar seedings made last October 17 using 38, 44, 61, 72, and 90 pounds of seed per acre. The general tendency, Mitchell observes, is for farmers

to make earlier seedings using lower rates.

Nursery and varietal field plots of winter wheat, winter barley and spring wheat, barley, and oats will be visited. From these trials in the past have come many new varieties which are still grown. They include Rio, Rex, and Golden winter wheats, Federation and Hard Federation spring wheat, Carleton and Markton oats and Flynn 37 and Meloy barley.

The station also has a planting of creeping alfalfa taken from the original Klamath county field where the variety, Nomad, was developed.

Discussions will include yields of winter and spring wheat following grass, alfalfa, and alfalfa and grass. Tillage plots with trashy fallow and fertilizers will also be observed.

CHURCHES

ALL SAINTS MEMORIAL CHURCH (Episcopal)

Holy Communion 8:00 a. m. Church School 9:45 a. m. Morning Prayer and Sermon at 11:00 a. m. Holy Communion on Wednesday mornings at 10:00 a. m.

RHEA CREEK H. E. C.

Mrs. Ben Anderson and Mrs. Evelyn Farrens were co-hostess to the Rhea Creek H. E. C. with a chicken dinner Thursday June 19.

It was the birthday of both hostesses and they were honored with a birthday cake baked by Mrs. Farren's daughter, Mrs. Walter Wright.

Present were 17 members and three guests, Mrs. Evin Rill, Mrs. Wright of California and Mrs. Wilson of Hardman.

From The County Agent's Office

By N. C. Anderson

Morrow County farmers will be interested in the announcement of the Sherman Branch Experiment Station Field Day, which will be held at the Station at Moro on July 2. The program for the day will be found in this paper this week. It will begin at 1:30 p. m. and last about two hours.

Applications for field certification of grains are coming in every day now. To date, we have received them from Denward Ber-

gevin, Ione, for 158 acres of Elmar wheat; McDole Brothers, Ordinance, 40 acres Oregon alfalfa; Ralph Taylor, Ceeli, 16 acres Intermediate wheatgrass, 6 acres Pubescent wheatgrass, and 6 acres Whitmar Beardless wheatgrass.

Certification specialists from Oregon State College will be in the county on July 1 to make field inspections. All applications must be received by that date.

shaw of Portland. Way back in the years gone by, Delmar was a lad scarcely six years old and Mrs. Wilson was a young teacher of twenty-six, teaching her first year as primary teacher at Mt. Vernon. Needless to say they spent a very pleasant hour reminiscing of school day gone by.

Degree of Honor Picnic Well Attended

Between thirty-five and forty were present at the Degree of Honor picnic Sunday afternoon at the country home of Mr. and Mrs. John Bergstrom in the Eight-mile section. Both luncheon and dinner were provided potluck with the lodge furnishing ice cream, soft drinks and coffee. During the afternoon horseshoes and other games were arranged for the men and youngsters while the ladies enjoyed cards or just chatted among themselves. Mrs. Clara B. Gertson and Mrs. John W. Farra were in charge of arrangements for the picnic.

Triple Links Club Holds Election

Mrs. Jeanne Dobbs was elected president of the Triple Link Club Friday evening following the regular meeting of Sans Souci Rebekah Lodge. This was to fill the vacancy created by the resignation of Mrs. Virginia Groshens. Other officers of the club include Mrs. Pearl Devine, vice-president; and Mrs. Mary McMurtry, secretary-treasurer. Mrs. Dobbs announced that the next meeting of the Triple Link would be held at her home on July 21 at which time plans for a money making project would be made.
