Thirst Quenchers For Small Fry

Got some ever-hungry, ever-thirsty young'uns to keep content? Then set them to making the newest of thirst quenchers—a Popsie. It's delicious, appealing and so good for them. Dip into that dessert-time staple—fruit-flavored gelatin—for your soda "syrup." It's flavor supreme! Here we've combined strawberry-flavored gelatin with root beer. Try it and then use this familiar and trusty "flavor-maker" in ice cream sodas, frosteds and just plain milk. You'll find it wonderful to discover this new use for an old family favorite.

Popsie

Mix 3 to 4 tablespoons strawberry-flavored gelatin syrup* with your favorite carbonated beverage in a tall glass. (Use ginger ale, cola, sarsaparilla or root beer.) Stir to blend and add ice cubes.
 *To make the syrup, just dissolve 1 package fruit-flavored gelatin (any flavor) in 1 cup hot water. Add 1/2 cup cold water. Makes about 1 1/2 cups syrup or 6 to 8 servings. (The syrup may be stored in the refrigerator if not all used at once. Heat gently until melted and cool before making additional drinks.)

Lexington Woman Wed at The Dalles

By Delpha Jones

St. Peter's Catholic church of The Dalles was the scene of a simple but beautiful wedding on Friday when Mrs. Edwina Gibson was united in marriage to Malcolm Richelderfer at a 10 a. m. ceremony. The double ring ceremony was used with the Father Quigley officiating. The bride, given in marriage by Howard Crowell of Ione, was lovely in a navy blue lace frock and wore a corsage of cymbidium orchids. She was attended by Mrs. Howard Crowell who wore a brown suit with pink and wore a pink carnation corsage. The setting was beautiful with many garden seasonal flowers. Theron Richelderfer acted as best man for his brother.

The bride's mother wore an aqua colored dress and wore a vanda orchid corsage, and the groom's mother wore navy blue and an orchid corsage. The reception was held at the home of the bride in that city. The rooms were beautifully decorated with garden flowers. The cake, a two tiered creation, was made and decorated by a sister of the bride, Mrs. Wilbur Steagall and was served from a table covered with a lace cloth. After the traditional

cutting of the cake it was then served by Mrs. Earl Richelderfer, and serving the coffee was Mrs. Wilbur Steagall. Deanna Steagall, a niece of the bride was in charge of the guest book. From where I sit... by Joe Marsh

How Nervy Can a "Tenant" Get?

"Harry the Hermit" dropped in to see Judge Cunningham the other day and started complaining about that dilapidated house he lives in over near Greenwood Lake.

"Who's my landlord?" Harry wanted to know. "Whoever you pay rent to," says the Judge. "Don't pay any rent," says Harry. "Moved into that house twelve years ago and nobody ever came to collect."

"Well," says the Judge, looking mystified, "what do you have to complain about?" "Plenty," replies Harry. "Rain's pouring in my living room and if someone doesn't

fix that roof, I'm moving out!"
 Now Harry was only having a little joke, but from where I sit I've seen people act just about as nervy as this sometimes—seriously. Like those who enjoy all the rights Americans have worked for, and yet would take away some of those freedoms from others—for example, our right to enjoy a friendly glass of beer. I say these "leaks of intolerance" have no place in the "home of liberty."

Yes The dairy industry is under more complete regimentation in Oregon than in any other state. The main purpose of the Oregon Milk Control Law is to hold prices up. To do this it gives the Milk Administration authority to set prices at the farm, wholesale and retail levels. It is unlawful to sell milk below these set prices, but Milk Control sets no upper limit on prices.

The effect of this regimentation on YOU is that well managed businesses that keep their costs down are not permitted to pass their savings on to the customer. Such regulations protect high-cost operators, and actually require low-cost operators to take a larger profit than is necessary.

In other words, you have no chance to get as low a price as the best merchandisers can afford to give you.

Shop Safeway... for fine foods at everyday low prices

The questions and answers below show some other ways in which Oregon Milk Control affects YOU.

- Q. Does Milk Control discourage competitive distribution of milk?
 A. YES. No one can enter the milk business if the Administrator says such new competition might disturb existing distributors.
- Q. Does Milk Control allow you a lower price when you carry milk home yourself?
 A. NO. You pay the higher costs of door-to-door delivery whether you use this service or not.
- Q. Does Milk Control limit the richness of milk?
 A. YES. The richness (butterfat content) of milk sold in each price range is limited by the rulings of the Milk Administrator.
- Q. Does the Oregon Milk Control Law regulate Sanitary conditions?
 A. NO. It has absolutely nothing to do with the sanitation, health inspection, cleanliness, or the purity of milk.
- Q. Does Milk Control limit the supply of Grade A milk?
 A. YES. To sell Grade A milk for your use a farmer must first get permission from the Administrator. If he gets permission (and may do not), he is given a quota. If he produces more he must often sell the surplus at a lower price for cheese or other factory uses.
