## Time To Eat Out of Doors

Campers are discovering the great advantages of nonfat dry milk for their outings. It is milk with only the fat and water removed, and it has excellent keeping qualities as long as the package is opened and reclosed properly.

Likewise, nonfat dry milk has convenience for a handy one-pound package, available at the grocer's. It contains the equivalent of five quarts of fluid nonfat milk at only about nine cents a quart. It offers high quality protein, riboflavin, calcium and lactose.

For a camping trip or outdoor eating try cheeseburger specials. For extra nutrition and flavor add three tablespoons of nonfat dry milk to one pound of ground raw beef and freeze. Then carry to the camping site in an insulated bag; so that by the time you arrive upon the scene, it will have thawed sufficiently for preparation.

## Cheeseburger Specials

(Makes 8 meat cakes)

3 tablespoons Starlac nonfat dry milk

1 pound ground raw beef

3/4 pound process cheese food, cut into 8 slices

salt and pepper

Blend together Starlac nonfat dry milk powder and ground beef. Divide mixture into 16 portions; press each portion into a flat cake 3 inches in diameter between two pieces of waxed paper. Place a cheese slice between two meat cakes and seal by pinching edges together. Generously sprinkle heavy frying pan with salt; heat. Place meat cakes on salt and sprinkle with pepper. Brown on both sides. Serve hot on heated or buttered buns with sliced tomatoes, ketchup or relish.

## Mrs. Soward Honored Tuesday Evening
