**IT'S HEATING MAGIC WITH THE NEW BLEND-AIR by CENTRAL HEATING Coleman**

This floor plan shows how you can completely and scientifically heat a five-room home with only six magic Blenders.

**EVEN COMFORT FLOOR TO CEILING—LESS HEAT WASTE WITH NEW 3/4" DUCT SYSTEM**

**BLEND-AIR** circulates and re-circulates warm air in each room! The magic Blender in each room automatically sucks cool air out of the room, heats it with fresh warm air from furnace, re-circulates it through the room. No packing of hot air at ceiling. Constant circulation keeps room temperature uniform from floor to ceiling. Automatically controlled! It means more comfort—a better heated home!

**NEW! Money-saving advance in automatic heating!** It's the new scientific way to heat every room evenly! Big savings in (1) new low-cost ducts, (2) new standardized fittings that save on installation. BLEND-AIR fits any home—old or new, big or little, with or without basement. All parts factory-made to assemble easier and cost you less!

**NEW! Saves space, saves work, saves cost!** Put the space-saving BLEND-AIR furnace anywhere—basement, kitchen, or utility room. It's tidy, quiet, automatic. Made by Coleman, world's largest manufacturer of home heating equipment. A new way to give your home even circulated warmth!

No money down... Pays for itself in comfort and economy

3 3/4" WARM AIR DUCTS

Heating magic takes place in the Blender. Hot air from furnace blends with room air, then circulates it through room.

Modular Furnace takes fresh filtered air from outside; heats it and forces it through individual 3/4" air ducts to Blenders.
