"Did you hear about the sensational offer a competent attorney is making?" I asked Tom and Chuck. Tom is a truck driver, and Chuck works in a store.

"No; what's the deal?" they replied.

"There's a good attorney who can be retained by any citizen of Heppner. For just \$10 per year he agrees to defend you against almost any damage suit, except auto claims, that can be brought against you. He will investigate the charges thoroughly, and fight doubtful claims in court."

"Tom exclaimed, "That sounds wonderful."

"Yes, but here is the best part of all. The attorney guarantees to WIN all suits of this kind by agreeing to pay out of his own pocket any and all damages he fails to avoid—up to \$10,000," I added.

"Whew," Chuck said, "that's the biggest bargain I ever heard of. Who is this fellow? Where's his office?"

I grinned. "I was joking about the attorney, Chuck. But one of my insurance companies does make that guarantee—and they hire first class legal talent. It's called a Comprehensive Personal Liability Policy. It's a real bargain. Don't you agree?"

Chuck nodded. And Tom said, "Count me in too."
