

MR. PRESIDENT—Choice of the American people to guide the destinies of the nation for the next four years. In his victory over Governor Adlai Stevenson, General Dwight D. Eisenhower polled one of the heaviest pluralities ever given any president. Though the title, Mr. President, is not technically correct until after his inauguration early in January, his overwhelming victory left no doubt but that America would soon bestow it upon him.

VICE PRESIDENT—Richard M. Nixon, who will take over the second highest position in the land as running mate and right hand man for General Ike. His campaign was full of surprises and near tragedy, but he vindicated himself in the eyes of the public and went on to win.

EARL T. NEWBERY—Who despite a last minute smear campaign against him handily defeated Democrat Edith S. Green to remain Oregon's secretary of state.

SIG UNANDER—Who finally got his campaign slogan, "You—Unander, and Oregon" all together to win the race for state treasurer from his Democratic opponent, Francis Lambert.

Creswick Gets Coroner Job From McMurdo

Oliver Creswick, Heppner mortician, unseated Dr. A. D. McMurdo for the post of county coroner in the only county office for which there was a contest. McMurdo, who ran as a democrat had held the position for many years.

The vote was Creswick, 1096; McMurdo, 846.

Floyd Grabbill of Milton-Free-water was in Heppner Sunday visiting with his brother Bob Grabbill.

SAM COON—Republican state senator who easily outdistanced his Democratic opponent, John G. Jones to become the second district's next representative in congress.

Heppner residents who have old toys they are through playing with are asked to notify members of the Heppner Future Farmers of America who will pick up them and repair them for Christmas gifts for needy children.

The F. F. A. boys will do the work between now and Christmas and stated that churches will have first chance on the renewed toys, but felt certain that with ample donations they would be able to supply all that are required locally.

Anyone who has any toys, regardless of their condition, is asked to call the Heppner school, phone 32.

STORES TO CLOSE ARMISTICE DAY

The merchant's committee of the Chamber of Commerce have recommended that the stores close on Armistice Day as they have in the past.

The schools, bank, county and federal offices, liquor store and post office will be closed for the holiday.

Heaviest Vote In History is Cast in Area

Morrow county voters, along with those in the rest of the nation, turned out in greater numbers than ever before to choose a new president, a slate of Republican representatives and to express their opinion on a host of state and county measures.

With few exceptions, local voters followed the trend of the rest of the state and most of the nation in naming Republicans to nearly all posts. The only Democrat to win the nod in the county was Robert Y. Thornton in the race for state attorney general. His contest with John B. McCourt has been nip and tuck and though he now holds a very slight edge over his Republican opponent, it is probable that a decision must await complete returns from the entire state.

In all other races for state and congressional seats Morrow county followed the general trend in the state.

On all state measures except the legislative reapportionment measure county voters were also in accord with the rest of the state. Of this one local tally showed this area urging defeat of the bill by better than two to one majority, whereas the state count indicated the bill would pass by a sizeable margin.

HEAVIEST VOTE

While a heavy vote throughout the entire nation had been prophesied by many persons, it is believed the turnout in Morrow county exceeded the state and national average. An unofficial total of 2045 of the county's 2527 eligible voters went to the polls to give an 81 percent ballot here. In the two Heppner precincts the percentage was even higher with slightly more than 90 percent of the voters casting their ballots. In the Hardman precinct the vote was even higher.

Ione Elects Slate Of City Officials

Ione voters Tuesday reelected all but one of their present city officials on a special city ballot which was given voters along with their big general election ballot.

Reelected mayor was Omar Reitmann, George Ely, recorder and Echo Palmateer, treasurer. Also kept in office as councilmen were Roy Lindstrom and E. W. Bristow. The new council member was Merle Baker. Tabulation of the vote was not immediately available.

BOB THORNTON—Who has apparently won for the Democrats and himself the job of attorney general, one of the few positions in the state relinquished by the Republicans. His race was very close, but he seemingly has wrested the seat from Republican, John B. McCourt.

Tom and Steiwer Win Two State Representative Seats

CHARLES A. TOM—Who outdistanced the other two candidates to win top position (of two) for state representative from the 22nd district.

JACK STEIWER—Who nosed out Democrat Robert E. Smith to win the second open position as state representative. He will work in Salem with Tom.

The two Republican candidates for state representative from the 22nd district, Charles A. Tom, Rufus, and J. P. (Jack) Steiwer, Fossil, won two vacant seats in a close race. Tom polled the heaviest vote to hold a substantial lead throughout the voting and Steiwer pulled ahead of the Democratic aspirant, Robert E. Smith, Condon to win his seat by a small margin.

Tom and Steiwer both carried Morrow county by a comfortable majority. Smith carried his home county, but only nosed Tom out there by two votes, 718 to 716.

County tabulation gave:

J. P. STEIWER

Street Closure OK'd by Council

The Heppner council Monday passed approved an ordinance calling for the closure of D street between Elder and Court streets at such a time as a new alternate street is built north of the present D street. The closure had been requested by the school board.

The street vacation is necessary if the new Heppner elementary school, planned by the board, is to be constructed. The state board of education had informed the Heppner board that the street would have to be moved before it would grant approval of the site. The school board presented the council with tentative plans for the location and grade of the new street which will be located approximately parallel with the present channel of Hinton creek.

The council received no bids on its call for the sale of bonds in the amount of \$300,000 to finance construction of the sewer system and will issue a new call for the sale of only \$250,000 bonds. The new lower amount was made possible by the low bids received on the construction jobs.

Building permits were issued to Joe Swendig, for a 36 by 93 foot building for the state highway department to cost \$18,510; Mrs. Frank Adkins, garage, \$1,000; D. A. Wilson, remodeling, \$1,500; L. H. Case, residence, \$2,500.

The council also served notice that it will require building permits be obtained before construction is started. Members stated that it had been the practice of many persons to have a job nearly completed before applying for a permit.

Mayor J. O. Turner stated that he had received information from the two companies who will do the work on the sewer system and treatment plant that they plan to start construction immediately, one of the firms next Monday, the other the following Wednesday.

Mr. and Mrs. Bill Barratt and children visited her parents, Mr. and Mrs. H. P. Ferguson, in Oswego over the weekend. Her sister and husband, Mr. and Mrs. A. P. Hunter, of Seattle were there also.
