**1,200 4-H Winners to Receive Coveted Trips**

A panel of 4-H'ers discusses Club Congress theme "Serving as Loyal Citizens Through 4-H." More than \$750,000 in college scholarships, savings bonds, trips, leader training and other rewards is being contributed through the National 4-H Committee to promote the activities of 4-H—the world's largest volunteer youth organization.

CLIMAX of a year of earnest 4-H Club work for some 1,200 enthusiastic 4-H boys and girls will be the 31st National 4-H Club Congress scheduled to convene in Chicago, November 30—December 4. These outstanding young people, selected from more than 2,000,000 4-H Club members in the 48 states, Alaska, Hawaii, and Puerto Rico, are winners in 4-H projects conducted through the Extension Service.

For this select group of 4-H'ers, the trip to the Congress is a coveted honor earned only through diligent effort. As Congress delegates, they receive various 4-H awards arranged through the National Committee on Boys and Girls Club Work, a citizens' group which lends support to the 4-H program.

More than 40 business firms, foundations, and public-spirited individuals sponsor national and sectional 4-H award projects as their contribution to this sound, successful youth program. The donor organizations provide to the National Committee grants totaling more than \$750,000 to be used for 4-H medals, trips, college scholarships, watches, savings bonds, leader training, and other aids.

Among prominent citizens who provide award funds to be administered by the National Committee as an impetus to the 4-H accomplishment are Mrs. Charles R. Walgreen, Thomas E. Wilson, Edward Foss Wilson, Wm. Wrigley, Jr., and Gene Autry. Other sponsors are: Westinghouse Educational Foundation, Ford Motor Co., Standard Brands, Kerr Glass, Sears Roebuck

What makes *Olympia* so different?

Surely you have noticed the difference in water . . . some may be too hard or soft, too acid or alkaline. Many are chemically treated.

The quality and character of *OLYMPIA* Beer are due not alone to premium ingredients, but also to the rare brewing water from our subterranean springs.
