thaw in a refrigerator and a full day if allowed to stand in the kitchen.

After the bird has been thawed out, it should be put in a refrigerator or other cold place over night and roasted the next day.

Thawing a frozen turkey saves cooking time. The OSC specialist says it takes one and a half times as long as usual to cook the bird if it isn't thawed first. A stuffed frozen turkey takes still longer to cook.

Mr. and Mrs. Harry Duvall and Mr. and Mrs. O. M. Yeager left Sunday for Portland. The Yeager's will continue on to Longview to spend Thanksgiving with their two daughters.

YOUR HELP IS NEEDED

Protect Jobs by Saving Electricity

The long dry fall has resulted in dangerously low water in the rivers which generate our hydroelectric power. The Defense Electric Power Administration has ordered temporary cutbacks in the amount of power used by major electric users such as factories and shops. This means that production is being curtailed and workers' wages reduced...or even cut off altogether.

You Can Help!

Every kilowatt-hour of electricity you save releases more for industry. More men will continue to draw their full pay checks. So check your home now for ways to save electricity every hour of every day. To keep jobs going...make every kilowatt count!

Be Thrifty With Electricity!

Save electricity everywhere you can. Eliminate waste of electric power everywhere. Snap off the switch on that lamp or appliance when you finish using it. Remember...make every kilowatt count!

WHAT PRICE GLORY?
All the ribald humor and rough-and-tumble comedy of the famous play is retained in this magnificent picturization. James Cagney is superb as the scrappy Captain Flagg; Dan Dailey is his match as Sergeant Quirt and luscious Corinne Calvet is Charmaine. William Demarest and James Gleason are also included in the excellent cast. Filmed in Technicolor.
