This Meeting is of Vital Importance To Growers of the Area

FLOWERS for all occasions

MARY VAN'S FLOWER SHOP

Look what Willys makes Old-fashioned

THE OLD WAY—Bulging hood hides the road ahead and you can see only the left fender.

THE WILLYS WAY—Down-swept hood shows road just 10 feet ahead. You see all 4 fenders.

THE OLD WAY—Old-type construction limits interior space, so seats must be made narrower.

THE WILLYS WAY—Aero-frame construction for more usable space... 61-inch-wide seating, both seats.

THE OLD WAY—Gas filler cap on fender... unhandy to reach from far side... unsightly.

THE WILLYS WAY—Gas filler cap near center at rear... easy to reach from either side of car.

THE OLD WAY—Needless weight that cuts down performance and slices gas mileage.

THE WILLYS WAY—Less weight per horse-power for fleet pickup and sensational mileage.

Specifications and trim subject to change without notice. Optional equipment, white sidewall tires, extra.
