"KEEP YOUR CREDIT GOOD"

## A New Year Resolution for 1953

I will try to pay all my bills when they come due, or I will part pay them, or I will make satisfactory arrangements to pay.

When you receive a Pioneer Service County Credit Board statement bearing its registered trademark, either pay your account in full, or part pay it, or satisfactorily arrange to pay, and

Keep That New Year Resolution  
Try to pay all your bills between the first and tenth of the Month.

If you don't pay promptly, you retard the whole commercial cycle. By paying your bills promptly, you help to head off inflation, and do your part toward strengthening our national economy.

The Pioneer Service Company has the best and the least expensive collection service in America.

This is why Pioneer Service is different

- ★ Pioneer Service Credit information is most valuable
- ★ No commissions charged on collections
- ★ All moneys are paid direct to creditors
- ★ Your accounts remain in your hands at all times

The Pioneer Service Company calls your attention to a condition that is quite serious for the local merchants, doctors, hospitals, and druggists:

## Do You Realize:

- Do you realize that your grocer pays for his groceries once a week, or twice a month?
- Do you realize that virtually all the merchants have to pay their bills every 30 days? When any of these merchants carries a customer over 30 days on his books his profit is gone, and he is losing money on his investment.
- Do you realize that the gas and service stations (or a lot of them) pay every time that gas is pumped?
- Do you realize that your doctor, your hospital, and your druggist, have to pay not only their wholesale bills but also their own personal bills every 30 days?
- Do you realize what it costs to send statements? After the second statement is mailed out, it costs from 35c to 40c a statement. It is the handling charge on the money that really counts, not the paper, the stamp, and the time it takes to send it out.

Why not quit taking advantage of your merchants and professional men, and cooperate with them by paying your bills sooner, and thus help the financial rating of your trade area as well? By so doing, you are not only helping to keep your own credit good, but you are helping your merchant and your doctor to keep his credit good also.
