

Monument Women Help With Work On New Church

By Millie Wilson

Tuesday afternoon the women of the town gathered at the new church and worked all afternoon. Every effort is being made to have the church near enough finished to hold the Easter services there. On Wednesday the men put up the steeple and bell. Now at least we will hear the church bell ring every Sunday morning.

Mr. and Mrs. Fred Glassner left Wednesday for Helena, Montana. Stanley Boyer took his wife, Darlene, to Prineville last Sunday. On Monday morning Mrs. Boyer entered the hospital for a tonsillectomy. She is now convalescing at her home. Mrs. Yvonne

Stublefield took care of the Boyer's baby son, Jimmie while Mrs. Boyer was in the hospital. Mr. and Mrs. Rho Bleakman were business visitors in John Day on Friday.

IONE SCHOOL NEWS

Mr. Hunting of the Rand McNally company presented an excellent one and one-half hour illustrated lecture on Methods and uses of maps to the Ione school faculty last Monday evening. He also made a survey of maps now in the school and made a list of those needed maps and globes to do an ideal job so far as use of maps is concerned.

Clyde E. Buteau of Leo's Studio spent the whole day at the Ione school last Tuesday. He was taking pictures of various groups for the annual Pictures of the band, strutterettes, tumblers, 4-H Clubs, and faculty were taken.

Mr. Buteau will return to com-

plete photography for the annual on March 23.

Coach Gehrke, Mr. Osibov, and four of the Cardinal first team attended the Friday night session of the sub-district tournament at Athena. Stanfield defeated Pilot Rock in the first round game that determined Ione's opponent for the first game Thursday. Ione has defeated Stanfield twice in scheduled games this season, but the Tigers looked much improved in their tussle with Pilot Rock.

All students of Ione school were treated to the movie 'Man Hunt' on Monday. The associated student body's committee selected the movie and the event was in observance of Washington's Birthday which came on Sunday this year.

Going Somewhere?

When making a trip
On roads so straight,
Do you start out on time
Or just a bit late?
With crosswalk in use
Do you always stop?
Or do you keep going
To see if they'll hop?
It's hard to believe,
In a country so fair,
That there could be drivers
Who don't seem to care!
Be a courteous driver!
Don't be inclined
To let your mind wander
Even part of the time!

UP GOES THE POWER OF EVERY BUICK-SPECIAL Super and Roadmaster!

World's newest V8

Television treat—the BUICK CIRCUS HOUR—every fourth Tuesday

It's more than pride that makes a man want a lot of horsepower beneath the hood of the car he owns. For the real point in reaching record horsepowers and compression ratios goes beyond miles per hour. *It steps up performance and economy in normal driving.*

That's what Buick engineers did when they upped the power and compression of each 1953 Buick — SPECIAL, SUPER and ROADMASTER — to the highest figures in Buick's fifty-year history.

In the SUPER and ROADMASTER, they put a new kind of V8 Engine—first passenger-car V8 with 8.5 to 1 compression, and a long list of other major engineering advances.

For the SPECIAL, they redesigned the famed F-263 Fireball 8 Engine—gave it shorter flame travel, faster firing, higher horsepower and compression. And to these spirited engines they coupled the new Twin-Turbine Dynaflo Drive* that adds flash-fast, quiet getaway to utter smoothness.

Just to give you an example of what all this means: *The 1953 Buick SPECIAL with Dynaflo can beat the mighty 1952 ROADMASTER on getaway—can reach 30 mph (when the law allows) with a combined speed and jerk-free smoothness no other car can equal.*

Of course, there's far more to these new Buicks for 1953—some seven dozen new features alone.

But why not come in and see for yourself that these are the greatest Buicks—and the greatest values—in fifty great years.

*Standard on Roadmaster, optional at extra cost on other Series.
