Managed to Give A Continuous Production of Commercial Forest Crops.

Yes, we are proud of the part we've been able to play in
 making Heppner a bigger and better business center.
 Like the town, which lost nearly one-fourth of its popula-
 tion by flood 50 years ago, we too, have suffered setbacks

in our growth and advancement, losing all or part of our
 plant by fire on two occasions. Yet we, like Heppner, have
 recovered from the blows to go on and grow and to
 prosper.

Everyone Has A Share In The Future Too, And To Protect That Share Each Must Do His Part To

KEEP OREGON GREEN
