A message to every prospective new car buyer:

You can have the most popular automatic transmission to be found in any low-priced car ***Chevrolet's Famous 1953 Powerglide!****

Much fleetier, smoother, more economical! Thoroughly proved and improved through years of development and over a billion owner-driven miles! Production now running at new high levels due to record nationwide demand!

Much More Economical
Chevrolet's 1953 Powerglide Automatic Transmission*—teamed with the 115-h.p. "Blue-Flame" high-compression Valve-in-Head engine—brings you *entirely new operating economy* in city driving and on long trips.

Far Livelier Getaway
Put the selector lever in "DRIVE" position—step on the accelerator—and you move smoothly away from a standing start to legal traffic speed in *seconds*.

Important New Gas Savings
You'll never know how economical an automatic transmission can be until you try the 1953 Powerglide. Various improvements, including a more efficient use of engine power, make it extremely thrifty.

In fact, bring you the most important gain in gasoline economy in Chevrolet history.

Great New Passing Ability
The car picks up pace in traffic or on the highway at the touch of a toe, for the '53 Powerglide has an added automatic passing range.

Smoothest No-Shift Driving at Lowest Cost
Driving is almost incredibly easy, changes of speed almost unbelievably smooth... for this transmission gives simplest, smoothest, no-shift driving at lowest cost.

Safe Eyes-on-the-Road Driving
Safety is served in many ways. And one of the most important, perhaps, is that Powerglide permits you to *concentrate* on

driving. You can keep your hands always on the steering wheel and your eyes always on the road.

Full Engine Braking-Power on Hills
Powerglide's flexibility lets you cruise easily up any hill. And you enjoy constant engine braking power for maximum safety when descending.

Rock Out of Trouble
Powerglide's smooth power flow lets you rock out of sand, snow or mud whenever the need arises. "LOW" and "REVERSE" are side by side on the Powerglide quadrant, making the operation doubly easy.

Push-Proof Parking
Put the selector lever in "PARK" position when you leave the car, and a positive gear-type lock holds it in position until you return.

Time-Proved, Owner-Proved Dependability
Come in. Drive a Chevrolet with this finer, more popular automatic transmission. *Test it and you'll want it.* It's time-proved, and road-proved by hundreds of thousands of owners, in over a billion miles of driving.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models. Power Steering available on all models.
