

Heppner Runs Over Stanfield 39 to 6

District Game To Take Mustangs To Maupin Friday

The Heppner high school Mustangs ran up a 39 to 6 victory over Stanfield last Friday afternoon on the Rodeo field to rack up their second victory of the season.

During the first half, the Stanfield gridgers didn't show too much, but later came back with much better playing than the score would indicate.

In the first period Skip Ruhl smashed over from 25 yards out for the first Heppner tally and an aerial attack later in the same quarter ended up with a 35 yard pass from Lyle Jensen to Dick Kononen for a second score. In the second period Kononen made a sensational runback of 65 yards for another score to his credit.

When the Heppner subs were put in the Stanfield squad made its only score of the game. The third quarter was the hardest fought of the entire contest with neither side being able to penetrate the others ground past the 20 yard line.

In the final quarter Heppner came up with two touchdowns, one by Jerry Dougherty from the 12 yard line and another by Ruhl who hit paydirt from the 15.

Travel to Maupin

This Friday the Mustangs will travel to Maupin for the first district game of the season. Maupin is a powerful contender for the district championship, as they were last year when they competed in the semifinal games of the season, though they were defeated by Willowa in that game 40 to 0.

TO GO TO PI

Leaving for the Pacific International Livestock Exposition next week will be Richard Ekstrom, Billy Doherty, Stephen Smith and Dean Graves, who each will exhibit a fat steer at that show. Billy Brannon and Alvin McCabe will join Dick Ekstrom Wednesday morning, October 21, as the 4-H livestock judging team from Morrow county. Livestock exhibits will be taken to Portland on the 20th, where they will be exhibited on the 21st and 22nd, sold at 10:00 a. m. October 23. This year's P. I. will be held in tents. Open class livestock entries were so great that the 4-H livestock exhibits will be housed in pens at the North Portland Union stockyards. Even though the Pacific International will be held outside their large building, it promises to be one of the biggest livestock exhibits, yet, according to Walter Holt, manager. Shorthorn, Angus and Hereford herd sire sales will be held during the event.

To the Weaver, the Baker, the Beauty Maker

Rub-A-Dub-Dub, want a suit you can scrub, face cream, or a well-protected loaf? Then we can help you, for Standard Oil Company of California has put oil to work for the weaver, the baker, the beauty aid maker.

This being Oil Progress Week, it's a good time to point out that oil men help provide thousands of things you don't buy in a service station.

Suits, for instance! That wrinkle-resistant model you may be wearing was woven from an oil-born ingredient developed in our research laboratories.

Bread, too! Millions of loaves were wrapped last year in paper coated with Standard wax. Whenever you light a candle, polish a shoe, or empty a milk carton, you may be using wax turned out by Standard Oilers.

And when your wife creams her face we're involved, too. Each year we supply 1/2 million gallons of highly-refined oils to cosmetic makers—enough for 10 million jars of face cream.

These examples of oil's place in modern living emphasize one important point. The oil industry has moved from kerosene to synthetic fabrics in one short generation—and so have you. Oil progress is your progress.

What comes from a drum of oil? Tires, medicines, nylons, detergents, plastics, paints, insecticides—and thousands of other products. And that's because oil companies like Standard invest millions each year to find new ways to make oil serve you better. Questions or comments about our Company or industry are welcome. Write to Standard Oil Company of California, P. O. Box 3495-E, San Francisco, California.

STANDARD OIL COMPANY OF CALIFORNIA
plans ahead to serve you better
