Umatilla Farmers Are State Champs In Canning Crops
Umatilla county is Oregon's champion producer of crops for canning.
The northeastern border county's production of 52,000 tons of vegetables for processing last year represented approximately 27 per cent of the entire state's harvest of canning crops, according to E. G. Gross, Oregon representative of American Can company.
Seventeen of Oregon's 36 counties contributed to the total 1952 production of nearly 190,000 tons of asparagus, beets, sweet corn, peas and snap beans for which processors paid more than \$14,000,000, Gross said.
The can-making firm's representative said the next three top-ranking counties in production of crops for processing are Marion, Lane and Yamhill, in that order.

U. S. Has Need for Regional Accountants
The United States Civil Service Commission announces that the general accounting office is still in need of accountants to staff its regional audit offices which are located in many of the largest cities throughout the country. The positions pay \$4,205 to \$10,800 a year.
Men only are desired and applicants must have had experience.

ASK YOUR Housewarmer

How to get more heat from pot-type burners

We have the answer to higher efficiency from your circulating-heater pot-type burner in Standard Stove Oil. Because all impurities have been removed, it burns without smoke, soot or odor... gives constant, comfortable heat. And because it is completely distilled and always uniform, its flame won't flare up or die down. It flows freely in the coldest weather... every drop turns into clean, dependable heat. Switch to Standard Stove Oil today. For pressure-type burners, ask for Standard Furnace Oil.
