

Ione Set For Title Clash With Union

Cardinals Hope To Continue Win Streak Saturday

Ione high school's Cardinals, district football champions, are all set to continue their winning ways next Saturday at 2:30 when they will meet the Union high school eleven on the Ione field for the state "B" quarter finals.

The Ione squad, playing only its second season of 11-man football, galloping through their regular season with little difficulty, defeating seven opponents easily, most of them by quite lopsided scores, but coach William Pendleton expects his boys to run into much stiffer competition against the highly-rated Uplon squad.

Starting time for the Saturday game was changed to 2:30 early this week, to allow time for the many persons expected to attend the Columbia Basin Electric Co.'s annual meeting in Heppner time to reach Ione before play gets under way. Indications were that a good crowd is expected to invade Ione from Heppner for the game as interest here in the playoff is running high. At least one Heppner store has indicated it will close during the game that employees may attend.

Heppner Stumbles as Echo Takes Season's Final Game 18 to 14

Heppner's hopes of winning their final game of the season against Echo Wednesday went out the window when the Mustangs found they were up against a much tougher team than they had anticipated.

Echo had been kicked around pretty badly all season but rose up in the final game to win over their arch-enemies. No little credit for the 18 to 14 victory has to be given to Echo's quarterback Smith, who was back in uniform for the first time since he suffered a broken arm at the start of the season. Overconfidence on Heppner's part, admitted by many of

the players, also contributed to the Mustang's downfall.

Halftime in the game found Echo leading the Mustangs 12 to 7, and they increased this to 18-7 before Heppner could find paydirt again in the final quarter to pick up their 14 points. The Mustang passing game was ineffective against the Echo squad, though it had been working nicely during the recent encounters. Heppner's biggest galner was a reverse which usually was good for five yards and accounted for both of their touchdowns, Skip Ruhl making one and Jerry Hagwood taking the ball over for the second. Echo made most of its yardage through the center of the Heppner line.

The most spectacular play of the game was made by Echo when they returned a punt nearly 70 yards for one of their touchdowns.

Heppner wound up the season with a record of 3 wins, 4 losses and 1 tie.

Name Change Costs Soc. Sec. Benefits

It pays to let the Social Security Administration know when you change your name. This advice to the ladies comes from Ben Kantner, social security representative in La Grande.

Some women fail to receive credit for their social security contributions because their employer reports their wages under a name that differs from the one on their social security account. When a woman who has a social security card changes her name by marriage or divorce, she should notify the Social Security Administration as soon as possible. Change of record applications are available at all post-offices and social security offices.

Employers should continue to report the wages of a woman who has changed her name under the name on her social security card until she receives her new social security card showing her new name.

Mr. Kratner will be in Heppner on Thursday, November 19th at the City hall from 9:00 a. m. until noon. Those who have questions about social security are invited to contact him.
