

Double Hoop Bill Ahead for Heppner This Weekend

The 1954 section of the hoop season will be ushered in this Friday night, when the Heppner Mustangs travel to Rufus for the second league game of the season. Fox and Blackburn are the two returning first-stringers for Rufus and Blackburn will be remembered as the player who shot the winning basket last year against Arlington to win the game for the Wolves and give them third place in the district tourney.

The preliminary will be a volleyball game between the girls of the two schools.

The second part of the weekend double bill will be here Saturday night when the Echo Cougars invade the Heppner court to play a Mustang squad that is seeking revenge for the earlier defeat handed them by the Cougars. The season's only loss was to Echo and coach DeLapps team has lost only two games out of 57.

Mustang fans can expect a first class battle Saturday night.

Former Heppner PP&L Manager Dies

Mitchell C. Thorn, recently appointed assistant general manager of the Pacific Power and Light company, and formerly company manager here, died at Good Samaritan hospital in Portland Sunday.

Thorn had served the company at Grandview and Pomeroy, Wash., Heppner, Seaside and The Dalles. He had only recently been elevated to the position of assistant general manager.

Services were held today.

Spring Weather Brings on Flowers

There were more indications in Heppner this week that it was spring than the calendar would indicate as the Gazette Times received several reports of flowers and shrubs bursting into bloom.

The A. W. Brownlows recently picked a bouquet of anemones and carnations from their yard and Mrs. Loyd Parker had forsythia and other blooms on her table New Years day. Her daffodils are also getting out of gear with the regular season and are beginning to come through the ground.

The lack of cold weather during the fall and early winter has prevented many flowers and plants from dying back.

Two of Heppner's Three "Farmed Out" School Classes Move

Two of Heppner's "farmed out" school classes moved back into the school building today with the completion of the band room wing on the gymnasium which will be used to house two classes temporarily. The addition is to be used for the grade classes only for the rest of the year, or possibly until a new building is constructed.

The two classes, the first grade class which has been conducted by Mrs. Flower at the Methodist church, and the second grade class, taught by Mrs. Hoskins in the Christian church basement, were the two moved into more permanent quarters. Another first grade which is being held in the Episcopal church parish house will remain there for the rest of the year as there is no room in the school building for all three.

Work was started on the new wing in August, but it has just been completed by the contractor.

Grain Growers Head Attends Coop Meet

Al Lamb, manager of Morrow County Grain Growers, Inc., is scheduled to leave for Chicago, January 8, to attend a conference of Agricultural and Co-operative leaders.

The series of meetings will be held in the Edgewater Beach Hotel, Chicago, January 11 through the 15th and are a part of the annual meeting of the National Council of Farmers' Co-operatives. In announcing plans for the meeting in Chicago, Homer L. Brinkley, executive vice president of the National Council, said indications are that more than five hundred individuals will attend. A large percentage of those expected will be representatives of five thousand local co-operatives which serve an estimated three million farm families. The Chicago meeting will be centered around formulation of policy matters relating to agriculture and farmer co-operative activities.

Secretary of Agriculture Ezra Taft Benson, will attend and appear on the program along with a group of other nationally-known speakers and leaders, including Mr. John H. Davis, Assistant Secretary of Agriculture. Attention will be centered on research in the fields of marketing, utilization of agriculture commodities, and wider distribution. Special study will be given plans calling for the opening of new export markets to supply an outlet for the exportable agricultural surpluses.

Rambouillette Ewes Bought By F. F. A.

Heppner Future Farmers of America purchased ten registered Rambouillette ewes from John V. Withers of Paisley, Oregon, chapter advisor James Allen reports. The purchase of these sheep was made possible by money donated by the Sears Roebuck foundation. Chapter members voted that Eddie Brosnan would receive the ewes, and Eddie, accompanied by his father Jerry Brosnan, and George Curin selected the ewes with the help of Mr. Withers at his ranch at Paisley. They were offered the pick of 140 young ewes. Allen stated that the best possible breeding stock was secured with the hope that the bucks raised could be used locally. At the present time Mr. Withers is the only breeder of registered bucks and ewes in Oregon. The sheep will constitute a chain that will be given to another deserving boy each year.

ANOTHER ADULT EDUCATION COURSE SET

Oregon school law and system of education, a two-hour college credit course will be offered starting Wednesday, Jan. 13 in the courthouse. The class is to start at 7 p. m. and Leslie E. Grant, county school superintendent will be the instructor.

Anyone wishing to take the course and finding conflicts with the time it is to be given is asked to contact Mr. Grant prior to Wednesday with the possibility that a change can be made.

Rev. Boulden and family and Mr. and Mrs. J. O. Hager spent New Years day with Mr. and Mrs. Alfred Troedson.

PP&L Names New Line Superintendent

Sanfred A. "Piper" Kari, former assistant line superintendent at Yakima, has been named Pendleton district line superintendent for Pacific Power & Light company, according to E. J. Huffman, local manager.

Kari will assume the duties recently held by Ray P. Kinne, who has asked for early retirement under provisions of the company's retirement plan. Kinne, whose retirement will be effective February 1, is now recuperating from a recent illness.

Kari joined the company at Seaside in 1924 and became line superintendent there in 1936. The post he held until he was transferred to Yakima in 1951.

Kinne joined the company at Yakima in 1917, where he served in various capacities in the line and new business departments. In 1932 he was named Heppner local manager, a post he held until 1941 when he became Pendleton district line superintendent.

During World War II Kari served in the U. S. Navy as a chief petty officer doing line work and electrical office work. He is a member of the American Legion, the Elks lodge and the American Bowling Congress.

Vocational Ag Night Classes Scheduled

Arrangements have just been completed for a vocational agricultural night class in livestock diseases and sanitation. The first class will be held on January 12 at the Vocational Agricultural Shop at the school in Heppner, beginning at 7:30 p. m. The program will be outlined at that time and will be held each Tuesday night through January and February. The executive committee of the Morrow County Livestockgrowers Association has asked for this repeat class such as was held in the winter of 1947. Several authorities on the subject are being scheduled to be present at the classes.

Orville Smith, La Verne Van Marter, Dr. Archie McMurdo, Emile Groshens, Lou Becker, and Jody Morrison and Verner Troedson of Ione have returned from Pasadena, California where they all flew down in Smith's plane to attend the Rose Bowl football game. Jim Smith, son of Mr. and Mrs. Orville Smith accompanied them and then returned to college at Stanford University.

Mr. and Mrs. Raymond Ferguson returned to Heppner Tuesday morning after a two months visit in the East. They visited with their daughter and son-in-law Mr. and Mrs. Robert Kelly of Falls Church, Virginia and traveled through the East.

Mr. and Mrs. Art Brownlow, Mr. and Mrs. Lonnie Richey of Heppner, and Mrs. Della Corson of Ione, motored to Arlington to attend the watch night service of the Nazarene churches of Arlington, Rufus and Ione held in that city on New Years eve.

F. F. A. Toy Project Declared Success

Gratitude was expressed by the members of the Heppner F. F. A. chapter for the response of the community in their drive for toys to be repaired and painted.

James Allen, instructor, said that he felt that the project was a success and stated that it would again be continued next year. The repaired toys were given to deserving children in the area, except for a few that found no home and were stored and will be distributed next year. The sale of Christmas trees on main street by the FFA boys was a financial success and the chapter members wish to thank those that bought trees. The self service system worked very well and will be continued again next year.

Mrs. C. R. Weight and daughter Elna Kate of Pauilo, Hawaii left Tuesday after a visit of a few days at the home of Mr. and Mrs. W. O. George.

Mrs. Clayton Shaw has returned to Heppner after spending the holidays in Corvallis. Her husband, Lt. Colonel Clayton Shaw is serving with the armed forces.

Mr. and Mrs. Ervin Anderson, daughter Carol and Brenda Townsend, visited Mrs. Anderson's father, L. Reddings in Carson, Washington during the weekend.

Mr. and Mrs. Kemp Dick have returned from a four day trip to Seattle. While there they visited Mr. Dick's father, L. E. Dick who is a patient at Riverton hospital.

Mr. and Mrs. Charles Becket have returned from a weeks vacation to Portland.

Announcing for '54 NEW FORD TRUCKS

With TRIPLE ECONOMY!

NOW! 5 Ford engines offer the mightiest concentration of power per cubic inch ever in any truck line! V-8 and SIX!

For the power they develop, the engines in the 1954 Ford Truck line have less cubic inch displacement than engines in other-make lines. For example, Ford's 239 cu. in. Power King V-8 develops its 130 h.p. on as much as 43 cu. in. less displacement. Smaller-displacement engines normally need less gas! That's one big reason why Ford concentrated power offers greater economy!

Ford takes the lead in ALL 3 vital factors that make for lower-cost trucking!

1. Now, only in Ford Trucks—gas-saving, LOW-FRICTION, high-compression, overhead-valve, deep-block engines in all truck models! 115- to 170-h.p.!
2. New Driverized Cabs, Master-Guide Power Steering, Power Brakes, Fordomatic Drive for faster control!
3. New greater capacity! New Factory-Built "6-wheelers," gross up to 48% more!

See them TODAY!

TURN ON THE SUNSHINE With a Tropical Dessert

WEARY OF WINTER? Try bringing an illusion of summertime to your table tonight with this sunny combination of lemon tapioca cream, lemon sherbet, and toasted coconut. In the Philippine Islands, where the coconut palm tree grows and where Baker's shredded coconut begins its journey to you, this dessert is "napa-kasarap"—so delicious!

ISLAND COCONUT CREAM

- 1 egg white
- 2 tablespoons sugar
- 1 egg yolk
- 2 cups milk
- 2 or 3 tablespoons sugar
- 1/4 teaspoon salt
- 3 tablespoons quick-cooking tapioca
- 1/2 teaspoon vanilla
- 3/4 to 1 teaspoon grated lemon rind
- 1/4 cup toasted shredded coconut*

Beat egg white until foamy throughout; add 2 tablespoons sugar, 1 tablespoon at a time, and continue beating with rotary egg beater until mixture will stand in soft peaks. Set aside.

Mix egg yolk with about 1/2 cup of the milk in saucepan. Add 2 or 3 tablespoons sugar, salt, quick-cooking tapioca and remaining milk. Place over medium heat. Cook until mixture comes to a boil, stirring constantly—this takes 5 to 8 minutes.

Pour small amount of hot tapioca mixture gradually on egg white, blending well. Then quickly add the remaining mixture, stirring constantly. (The hotter the tapioca and the faster blended in, the thicker and fluffier the pudding will be.) Add vanilla and lemon rind. Cool, stirring once after 15 to 20 minutes. Chill. Serve in sherbet glasses. Top each serving with a spoonful of lemon sherbet and sprinkle with toasted coconut. Makes 4 or 5 servings.

*To toast coconut, spread it out thinly in a shallow baking pan. Place in moderate oven (350° F.) to toast until delicately browned. Stir coconut or shake pan often to toast evenly. (ANS)
