IONE School Notes

By Chester L. Ward Supt.

The Ione grade school took third place in the grade school tournament last week and received a beautiful trophy. We are proud and happy for them as it signifies that these fine boys will take the place of those leaving the high school by graduation. Mr. Mallon has done a very fine job with the team. Thanks to all the people who supported them.

At the moment most of the activities of the school concern themselves with the state tournament at Salem. The entire county community and district, under the direction of Russ DeBord, are glad that the Ione Cardinals won the sub district and district tournament. They defeated Mt. Vernon twice. A very large crowd witnessed the last game here on Friday evening March 5.

The student body met Tuesday, March 9 for the purpose of discussing the details of the plans to go to Salem. A very enthusiastic pep rally was held after lunch Tuesday. The basketball team left for Salem Wednesday morning at 8 a. m. and practiced in the Willamette gym March 10 from 2 to 3 p. m. The county office was consulted and the school board meeting was held Monday evening and decided that no high school classes will be held on March 11 and 12. All other students including the band left Thursday morning. There they were joined by a large delegation from Ione who knew who

had the best team. The students also, were aware of the carry-over value of winning the sportsmanship trophy and will display the meaning while in Salem. They are proud of the fact that they are associated with such a fine community and school.

The grade school pupils will be dismissed at noon Friday, March 12. This was felt necessary since there was a greater number of the grade school students that could not attend the tournament at Boardman.

The teachers and students are looking forward to the Spring vacation March 18 and 19. Most of the teachers will be in Portland at that time for the O. E. A. annual meeting.

By all these activities one can see how busy this modern and progressive school is; and in this runs a thread of continuity of education today. By balancing the activities it tends to round out the process of modern education.

Let me add, through the busy basketball season no academic work was neglected.

The teachers are working very hard on the speech festival program to be held in Boardman March 16.

Annual nominations for the Oscars of the Academy of Motion Picture Arts and Sciences have been announced. Awards will be made March 25th. Most interesting nomination for us was that of our old-time favorite actress, Marjorie Rambeau, for Best Performance by a Supporting Actress for her portrayal of Joan Crawford's ignorant, earthy mother in "The Torch Song". Paralyzed and scarred nine years ago in an automobile accident, plastic surgery restored her face and after a series of operations Miss Rambeau learned to walk on crutches. Faith and perseverance finally restored her confidence and after playing bit parts in two films in which she did not have to walk, she insisted on playing one entrance and exit in "Torch" on her own two feet!

And speaking of the Academy barometer of motion picture quality, ROMAN HOLIDAY has received the following nominations:

Best picture of the year
Best Actress—Audrey Hepburn
Best Supporting Actor—Eddie Albert
Best Director—Best Story Written for the Screen—Best Art Direction—Best Cinematography—Best Costume Design—Best Film Editing—All this and Gregory Peck, too!
Filmed entirely in Rome, the highly refreshing comedy drama has shots of many famous landmarks.

Make a date to see one of the year's finest films. Sure and ye'll be havin' one of the happiest St. Patrick's Days ever when you see
