Fredrick Martin Re-elected Head Of Lone P-TA

By Echo Palmateer
Fredrick Martin was re-elected president of the P-TA at a meeting Wednesday March 24. Other officers elected were Mrs. Claude Riley, vice president; and Mrs. Noel Dobyns, secretary and treasurer.

A highlight of the program that evening were slides and a talk by Howard Saucy of Dundee and an exchange student to France through the L. F. Y. E. Nels Anderson of Heppner introduced Mr. Saucy. Mrs. Franklin Ely introduced students that took part in the speech festival in Boardman. They gave their readings to the P-TA audience. They were Peggy Botts, John Howton and Melvin Martin. Mrs. Alfred Nelson had charge of the program.

At the business meeting, the change in the By-laws was adopted, the question of obtaining a county nurse was discussed. Mrs. Wallace Matthews and Mrs. Lloyd Howton were chosen to get in contact with those who could go to Salem to the State convention April 21 to 23 as delegates. The 7th and 8th grade room received the largest room count percentage. Rev. Alfred Shirley gave the benediction and the flag salute was given by all. President Fredrick Martin told of the shortage of teachers throughout the country. The hostesses for the evening were Mrs. David Rietmann, Mrs. Franklin Lindstrom, Mrs. David Baker, Mrs. Ralph Crum and Mrs. Lloyd Morgan.

Shell NH₃ Service is

The sure
way to feed
wheat

So you net
higher profits

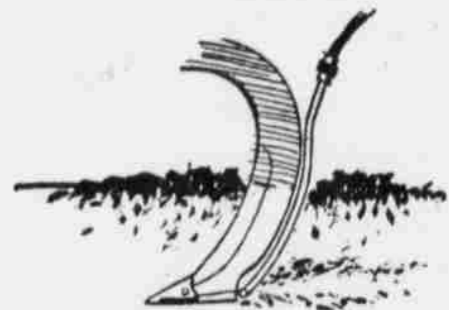

Shell NH₃ applied this way can bring yield increases up to 50% or more. A return to growers of \$1 for each \$1 spent is the rule rather than the exception.

Over 500,000 NH₃ field applications testify to the unequalled experience behind this Service. And Shell makes sure you get the benefit of this experience on every application.

Your local Shell NH₃ Service Dealer brings trained men and specially designed equipment to your place. Your fertilizing is handled with scientific precision... you save on operating costs... and Shell NH₃ is applied at lower cost per pound in your soil than any other kind of nitrogen fertilizer.

Start figuring on higher net profits by feeding your crops this SURE way. The dealer listed below is set to serve you promptly. Call him.

NITROJECTION SERVICE®

... employs Shell-approved equipment to inject this nitrogen-rich NH₃ at root zone depth. Here NH₃ combines with the soil immediately. Cultivating and fertilizing become one job.

Shell NH₃ is applied by local men who know crop conditions in your area. Through these men you benefit by Shell's unmatched experience in root zone fertilizing.
