Monument Fires Point to Need for Water System

By Millie Wilson

Mr. and Mrs. A. C. Owings lost their home by fire last Friday. They were only able to save a few things from the downstairs. It is not known what caused the fire. They have moved into the Hugh Johnson home in N. W. Monument. This fire was in the forenoon.

In the afternoon Mr. and Mrs. Wilbur Flowers garage burned but they were able to keep the fire from spreading to the house or to other houses near by. About 6 p. m. a fire broke out in a clothes closet. It was quickly extinguished. The only damage was from the water and smoke.

It is understood that the Flow-ers were fully insured, while the Owings had no insurance. These fires should awaken the people of Monument to the need of an adequate water supply. The whole town could again be burned as it was in June of 1921. The council meets the second Tuesday of each month. It is hoped everyone will come to these meetings and help plan a water system.

4-H Club News

MERRY COOKERS

The Merry Cookers met at Janet Thompson's home March 23 and for roll call we named breakfast fruits. We sang several songs.

We discussed how to set a table and Peterson's Jewelry store gave us each a book on how to set a table.

It was our assistant leader's birthday so we surprised her with a birthday cake and ice cream. We set the table correctly and made a centerpiece for the occasion.

HEPPNER VALLEY 4-HERS

The Heppner Valley 4-Hers met at the home of Vickie Barger on March 23. The meeting was called to order by the president, Mary Tucker. We stood and said the club pledge and Mrs. Kendall gave some of the girls their 4-H posters.

We planned to have a hike and take our lunch one meeting in April. All of us demonstrated setting the table right.

The next meeting will be at Connie Anderson's home April 13.

They really "GO" together

The new I-block Six-Fordomatic Drive combination is available in any of Ford's 14 body styles. Illustrated is the Customline Six Fordor Sedan.

Ford Six and Fordomatic

The new Ford 115-h.p. I-block Six whisks you along silently, smoothly, economically. Its deep-block build provides rigid crankshaft support for smoother, quieter operation. Low-friction design and high-turbulence combustion chambers mean more miles from less gas. And, thanks to the Six's higher compression and increased displacement, you get extra "GO" power at all speeds!

Fordomatic Drive shifts for you more smoothly than you could do it yourself. It's the only "automatic" in Ford's field to combine a fluid torque converter and an automatic intermediate gear. Should you ever need an extra burst of speed for passing or hill-climbing Fordomatic's intermediate gear takes over automatically when you step down on the accelerator.

You get a double-value power package when you buy a '54 Ford with the new I-block Six and versatile Fordomatic Drive.

This brilliant Ford engine-transmission combination brings you all the smoothness and flexibility of the finest no-shift driving combined with the extra economy that's built into the industry's most modern,

short-stroke, overhead-valve Six. And, of course, you get the smooth, level riding comfort, the easier handling of Ford's Ball-Joint Front Suspension, a feature exclusive to Ford in its field.

Remember, too, a Ford Six with Fordomatic Drive is automatically worth more when it comes time for you to sell!

A FORDOMATIC FORD IS AUTOMATICALLY WORTH MORE WHEN YOU BUY IT ... WHEN YOU SELL IT, TOO!
