Federal Excise Tax cut means . . .

**Long distance calls cost even less now!**

Even greater value from your telephone! That's the good news in the Congressional Bill reducing Federal Excise Taxes on April 1. The tax on long distance service was cut from 25% to 10%. And it means quite a saving. If you have a long distance bill of, say, \$10.00 a month, on which you used to pay a tax of \$2.50, you'll save \$1.50 under the new tax rate. Taxes on your local service have been cut, too—from 15% to 10%. And, of course, every penny of the Federal Excise Tax reduction goes directly to you. **Pacific Telephone.**
