Shell NH₃ Service is

THE SURE WAY TO FEED WHEAT

... so you net higher profits

ONLY root zone application of nitrogen — as Shell NH₃ Service provides it — assures you of uniform, all-season crop feeding.

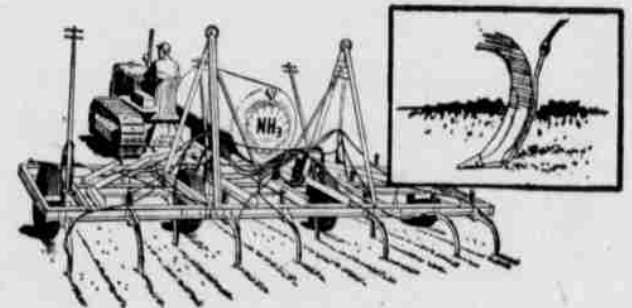

Shell NH₃ applied this way can bring yield increases up to 50% or more. A return to growers of \$4 for each \$1 spent is the rule rather than the exception.

Over 500,000 NH₃ field applications testify to the unequalled experience behind this Service. And Shell makes sure you get the benefit of this experience on every application.

Your local Shell NH₃ Service Dealer brings trained men and specially designed equipment to your place. Your fertilizing is handled with scientific precision... you save on operating costs... and with Shell NH₃ you can be sure you get full value from your nitrogen fertilizer dollars every time.

Start figuring on higher net profits by feeding your crops this SURE way. The dealer listed below will serve you promptly. Call him.

Cultivating and fertilizing become one job with SHELL NITROJECTION SERVICE®

NITROJECTION SERVICE® employs Shell-approved equipment to inject this nitrogen-rich NH₃ at root zone depth. Here NH₃ combines with the soil immediately. Cultivating and fertilizing become one job.

Shell NH₃ application is handled by local men who know crop conditions in your area. Through these men you benefit by Shell's unmatched experience in root zone fertilizing.
