### Marvin Soward, Gerre Hancock Concert Receives Much Praise

The city of Heppner was favored last week with one of the finest programs of any concert season anywhere. Marvin Soward, tenor, and Gerre Hancock, his organist-pianist accompanist, captured and held an audience of some 200 people. The concert was apparently a higher quality than the audience had anticipated.

Mr. Soward possesses a rare natural tenor voice of beautiful quality with an extensive vocal range. His diction was faultless and his tones were clear and uninhibited throughout the program.

Mr. Hancock showed equally well as a soloist and an accompanist. Distinctive musicianship, plus his tempered mastery of both keyboards, was outstanding.

The first part of the program consisted of religious songs—ranging from the ever popular Malotte's "Lord's Prayer" and Adams' "The Holy City," to "In Native Worth," the great aria from Haydn's oratorio, "The Creation".

After intermission, Mr. Hancock played Bach and Langlais with the knack of a virtuoso. The rest of the program consisted of early English songs and more modern American songs of a secular nature.

### New cable sheath saves money

If you look closely at the telephone cables in the picture—both similar to the ones that carry your calls—you'll see a difference in their coverings. The outside of the cable on the left is made of lead. And, formerly, only lead did a good job of protecting the vital wires inside. But now we have a new cable covering called "stalpath" (the one on the right). Perfected after long research, it's made of aluminum, steel, and plastic. Stalpath weighs less than lead and costs less—up to 43 cents a foot less. We're using it wherever we can . . . to

furnish more service, good service, at low cost to you. **Pacific Telephone works to make your telephone a bigger value every day.**

### Easy way to speed long distance calls

You'll get faster long distance service if you give the operator the telephone number you're calling, rather than just the name and address. And to help you keep out-of-town numbers handy, we'll be glad to send you a free booklet to list them in. For your copy, just call, write, or drop in at our business office.

### You can save time and steps

For just pennies a day, you can enjoy the privacy and convenience of an extension telephone in any room of your home. Extensions save steps, save time . . . make it easier for the family to place calls, receive calls. No additional outside wires or equipment are needed—just the telephone itself. To get your extension, call our business office. **Pacific Telephone.**

Boss says that I've played hookey  
For far too long a time;  
To just get out my pencil  
And fix up a rhyme!

If this warm weather stays awhile  
The hayers will be haying;  
In field & garden, weeds will grow;  
The hens will all be laying!

A ripper color soon will be  
On all the growing grain!  
Don't forget that hail or fire  
Could take away your gain!
