The smaller children are very happy with the completion of the wading pool. This was made possible through the splendid interest and cooperation of the many patrons. At this time we wish to thank the following for their donations toward the wading pool: J. H. Bryson, \$50; Earl McKinney, \$60; the Beta Omega Chapter of the Epsilon Sigma Alpha, \$200; and the City of Ione, \$350. Co-operation like this

shows that the people are interested in the welfare of the children and the school.
Again we give a hearty and sincere thank you.

If You Are Going to Drive on a Trip—

Be Sure to Get a Hunter Wheel Balancing Job Before You Leave

Your car will be safer to drive—it will handle easier and your trip will be more enjoyable if you let us balance your wheels with our Hunter Balancer.

Here's why more people are buying Fords

And we are giving the best deals in 30 years

So many more people are buying Fords that our overhead on each car is less. We can afford to allow you more. See us today for the greatest deal on the greatest car—a "Worth More" '54 Ford.

Get the score and you'll get a Ford

Rosewall Motor Company

FORD already has "tomorrow's" features

Ford brings you features today that the other low-priced cars can offer, at best, sometime in the future. Only Ford in the low-price field has the long, low styling of cars to come—free from bumps and bulges. Only Ford has modern Ball-Joint Suspension! And only Ford has a V-8 engine—the type other makers are swinging to!

FORD'S Y-block V-8—the only V-8 in its field—is the industry's most modern engine

The world's leading maker of V-8's brings you the brilliant new 130-h.p. Y-block V-8. Its deeper-block construction makes it stronger, quieter running. Its lower-friction design lengthens engine life, cuts gas waste.

FORD gives you Ball-Joint Suspension for easier riding and handling

Ball-Joint Front Suspension is the greatest chassis advance in 20 years. It does away with old-fashioned kingpins. You get superbly easy handling... a far smoother ride. And wear points are cut from 16 to 4.

FORD'S worth more when you sell it, too

Analysis of used car prices shows that Fords return a higher proportion of their original cost at trade-in time than any other car! When you consider Ford's low initial cost... Ford's low running cost... and Ford's high resale value... it's easy to see that Ford is your best buy.
