### Classroom in the sky

You might not guess it, but these men are going to school. They're learning how to climb telephone poles safely and to string lines that will carry your calls. This course is just one of many given in telephone schools. Others — lasting anywhere from three days to six months — train operators, business office people, installers, and the like. Such training gives telephone people the skills they need to do their jobs faster, better, cheaper... and more safely, too. Thus, they're better able to bring you good telephone service that's low in price. Pacific Telephone works to make your telephone a bigger value every day.

### A long distance visit costs so little

How long has it been since you heard the voices of far-away loved ones—friends you haven't seen for ages? A visit by long distance is the next best thing to being there in person. It means so much and costs so little. You can call coast to coast—clear to Boston for example—for only \$2.00 plus tax. That's the rate for a three-minute "station" call after 6 P.M. weekdays and all day Sunday. Calls over shorter distances naturally cost even less. Why not plan to send your love—your friendship across the miles by long distance tonight.

### Free booklet comes in handy for personal telephone numbers

You'll be able to keep the local and long distance telephone numbers you call most often right at your finger tips with this free booklet. It's indexed for your convenience... will help you find numbers more quickly and easily, complete your calls faster. For your copy of the booklet, call, write, or drop in at our business office. And please remember that you're welcome to additional copies as you need them. Pacific Telephone.
