NEWS OF THE Lone Schools

Chester L. Ward, Superintendent

Much interest and enthusiasm was shown at the rally and bonfire Thursday evening Sept. 30. The students worked long and hard and gave a fine demonstration of cooperation. Everything was well organized. The band played which was followed by students and many citizens. It is hard to bear the lone school spirit. There was a large turnout to the game here Friday, Oct. 1 with the Moro team. Although lone was out classed by the weight of the Moro team they put up a hard fight and showed very fine sportsmanship. The yell queens conducted the pep section in a very fine manner. The music was furnished by a tape recording of the high school band conducted by Donald Springer, the music instructor.

We appreciate the large turnout of the loyal citizens. The Moro team were invited to swim in the pool after the game and all had a very fine time. The score was 34 to 6 in favor of Moro. The lone team are now preparing to play with Umatilla there Oct. 8. One more home game will be played here with Pilot Rock on Oct. 15.

We are also very happy to announce that the academic program is coming along fine. Tests have been given in reading and classes formed to fit the needs of the child. The high school students have settled down in their classes and are working very hard.

14,000,000 V-8 FORDS

FORD, THE WORLD'S LARGEST V-8 BUILDER, HAS PRODUCED MORE V-8'S THAN ALL OTHER MANUFACTURERS COMBINED!

It's America's largest selling V-8!
 Ford introduced the V-8 engine to the low-price field... and is still the only car in its field to offer the smoothness and responsiveness of V-8 power. Add to this Ford's long, low silhouette, its clean, modern styling and its colorful, smartly-trimmed interiors, and it's easy to see why Ford is America's most popular V-8 car.

There's no engine so modern!
 Ford's Y-block V-8 has an extra-deep block that extends below the crankshaft for more rigid support, longer engine life. New short-stroke design, turbo-wedge combustion chambers, free-turning overhead valves and exclusive Automatic Power Pilot valve. Ford's modern Y-block V-8... the smoothest, most responsive engine in Ford's field!

There's no V-8 priced so low!
 Only Ford offers a V-8 in the low-price field! And no car near its price gives you Ball-Joint Suspension... for smooth riding and easier handling. Only Ford in its field, gives you Full-Circle Visibility... the most windshield area... the most rear window area... the most total glass area! It's no wonder Ford is America's best buy!

WOW!

It's not just a V-8 ...it's a Y-block V-8

NO WONDER MORE PEOPLE ARE BUYING FORDS THAN EVER BEFORE!

WORTH MORE WHEN YOU BUY IT... WORTH MORE WHEN YOU SELL IT!

Analysis of used car prices shows that Ford retains a greater proportion of its original cost when it comes time to sell than any other car in its field. This is further proof of the greater value you get from Ford.
