Future School Legislation Talked At Lone P-TA

By Echo Palmateer
Superintendent Chester L. Ward gave a very interesting talk on the future legislation concerning the public schools at the P-TA meeting Wednesday evening Oct. 13. Other numbers on the program were reports given by Dorothy Dobyns, on her trip as a delegate to Girl's State at Salem in June, and Sam Barnett and Lawrence gave reports on Beaver State. Girl's State is sponsored by the American Legion Auxiliary unit and Beaver State by the Legion Post. Mrs. Merle Baker introduced the three delegates and gave an article on the meaning of Girl's State and Beaver State. Mrs. L. A. McCabe had charge of the program.

At the business meeting conducted by Fredrick Martin, president, Ray Heimburger was elected as vice president and the budget for the coming year of \$505.00 was adopted. Refreshments were served from tables decorated in the Halloween theme. Hostesses were Mrs. Raymond Lundell, Mrs. Berl Akers, Mrs. Lawrence Jones, Mrs. Vern Dalzell and Mrs. Sidney Zinter. Mrs. Milton Morgan was elected as president of the Maranatha Club at a meeting Wednesday at the Marion Palmer home. Other officers elected were: Mrs. Palmer, vice president and Mrs. Gary Tullis, secretary and treasurer. At the meeting plans were made for the food sale Friday Oct. 15. Mrs. E. M. Baker assisted Mrs. Palmer.

The Maranatha food, fancy work and pie and coffee sale at Swanson's store Oct. 15 was a great success.

Mrs. Byrle Drury of Coburg, the president of the Rebekah Assembly of Oregon, paid her official visit here Wednesday evening, Oct. 13 at a joint meeting of Bunchgrass lodge of Lone and Holly lodge of Lexington. The hall was decorated with her slogan and motto and in the Halloween motif. Mrs. Paul Pettyjohn sang, "It is No Secret", accompanied by Mrs. Cleo Drake. Mrs. Drury was presented with a gift from the lodges. Those having charge of the decorating were Mrs. Clell Rea, Mrs. Wallace Matthews, and Mrs. Pettyjohn. Mrs. Drury was a guest of the Matthews while here.

Mr. and Mrs. E. W. Bristow entertained at a birthday dinner Saturday evening in honor of the birthdays of Mrs. Tommy Bristow, Mrs. James Mallon and James Sumner. Others present were Tommy Bristow and daughter, Mrs. James Sumner, Mr. Mallon, Mr. and Mrs. Ernest McCabe and Jerry Bristow.

and Mr. and Mrs. Paul Hisler and son. Mrs. Fredrick Martin was called to Walla Walla Saturday on account of the death of her aunt, Mrs. Faye Graves, who died Oct. 15. Mrs. Graves is survived by her husband, Harry Graves, one son and two grandchildren. Funeral services were Monday.

New FORD THUNDERBIRD

A personal car of distinction
...with Trigger-Torque performance

No matter what you have come to expect in a car, you'll be delighted at the wealth of conveniences the Thunderbird offers. Two tops are available: a disappearing fabric top... and an easy-to-lift-on hard top. The extra-wide vinyl upholstered seat is foam-rubber-cushioned... power-operated 4 ways. Windows roll up... by power, if you like. There is a tachometer... and a clock with a sweep second hand. There is a telescoping steering wheel. The baggage compartment is ample. And you can have power steering and power brakes.

Something totally fresh is here—a bewitching new all-steel beauty that sets the styling keynote for other Ford cars to come.

But, styling gives the merest hint of what the Thunderbird has to offer. For here is a car you can drive with assurance and pleasure... for business or for recreation.

In traffic and on the open road the Thunderbird's Trigger-Torque performance is literally a revelation. Here is hair-trigger response... fleet, liquid agility... backed by a reserve of swift, sure power to meet safety's every demand.

Trigger-Torque performance stems from Ford's new Thunderbird Special V-8—a high-torque engine with 4-barrel carburetor, dual exhausts, wide-opening valves and Ford's famous low-friction design. And to enhance

the performance characteristics of this brilliant V-8 engine, the Thunderbird provides special rear axle ratios to match the transmission of your choice—Conventional, Overdrive, or new Speed-Trigger Fordomatic.

Then, in the ride department, Ford's Ball-Joint Front Suspension really works wonders. It not only velvet-cushions your ride, it also allows the Thunderbird to handle with utmost ease—to corner with greatest stability. And when it comes to stopping, brakes are big and powerful.

But, more important is the way the Thunderbird is engineered, designed... and built! For it is the product of the same advanced engineering... the same manufacturing skills that have made Ford products so dependable, so value-full and so desirable to so many.

How to save starting time on gasoline and diesel engines

To make sure your engines will start on the first few turns in the coldest weather, give them a shot of Chevron Starting Fluid as you step on the starter. It has started diesels in 10 seconds at 30° below zero. Ask us about low-cost equipment that you can install on engines to make the use of Chevron Starting Fluid easier.

Avoid starting delays from ice-clogged fuel lines, too, by putting a little Chevron Ban-Ice Fluid in your fuel. It prevents freezing of any moisture that may get into storage tanks or lines.

Let us tell you about Chevron Starting Fluid and Chevron Ban-Ice Fluid today.
