**Granny Drives But Won't "Shift"**

Saw Grandma Taylor parking her 1924 Franklin out front the other day. Neat as a pin, radiator and hub caps gleaming—the whole car is as shiny as the day she bought it 30 years ago.  
 Then I stopped and looked again—for there, hanging on the spare tire was a sign: "This car NOT for sale."  
 Asked Granny what was going on. "Joe," she says, "it's this craze for old cars. Everybody wants to buy my Franklin. But it has served for years and it's not for sale at any price."

From where I sit, it's strictly the new cars for me—but Grandma Taylor, and others, are certainly welcome to their "old faithfuls." It's simply a question of preference. Same with a choice of beverages. For instance, I like a temperate glass of beer with supper. You may prefer coffee. Fine! The important thing is that we respect each other's choice—and "ride along smoothly" together.

This simple plan will do the trick—if you start right now!

Are you determined to give your child the benefits of a college education—yet worried about money? Then why not do what more and more farsighted parents are doing? Start getting that money together now—the safe, sure, automatic way—through the Payroll Savings Plan!  
**It's simple!** Just tell your company's pay office how much you want to save—anywhere from a few dollars a payday up to as much as you want. This sum is then saved for you every payday. It is invested in U. S. Series E Savings Bonds which are turned over to you, and which earn good interest for you.  
**It's systematic!** Just think—if you sign up to save \$3.75 a week, in 5 years you'll

have \$1,025.95—in 9 years 8 months, \$2,137.30—and in 19 years 8 months you'll have \$5,153.72.  
**It's sure!** Once you join, your saving is automatically done for you before you draw your pay. You don't have to do a thing. And your child's education will be provided for by money you don't even miss now.  
**Eight million working people are now on the Plan**—saving for a home of their own, a college education for their children, or any of those things made possible only through systematic saving. So join the Payroll Savings Plan right now—or, if you are self-employed, join the Bond-A-Month Plan where you bank. Do it today!
