## WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Readers ask "what is meant in Washington by a liberal?"

Current definition seems to be a liberal is anyone who is liberal with other people's money. The degree of liberalism depends on how much tax money is sought to throw around. A liberal is also helped if he can loudly ignore facts. If he has never had to meet a payroll, or make a living in business.

Thus Harold Stassen, head of Foreign Operation Administration, successor to Marshall Plan, qualifies as a really great liberal. But for stubborn resistance of Treasury Secretary George Humphrey, Congress would today be considering request for \$10 billion Marshall Plan for Asia.

Curiously there has never been a full scale Congressional investigation of just what foreign give-away programs are accomplishing. FOA's own tax-paid corps of press agents, who rush into printing a book or pamphlet at drop of a tax dollar, reflect a great deal of confused thinking.

For example at present FOA is publishing booklets on each of more than 50 nations receiving U. S. aid. The one on Turkey is interesting. If anyone can have problems solved by U. S. gifts, self-reliant Turks should be in that position. The Turks, unlike others, have never demanded U. S. aid as alternative to going communist. In fact, Turkey, located on the Southern border of big Russia, has even refused to discuss with Kremlin joint control of Dardanelles, despite threats. In Korea, Turkey's contribution of armed forces both

in quantity and quality was exceptional. Kremlin shows great respect for 23,000,000 tough Turks.

FOA reports Turkey has received a half billion dollars in economic aid, plus many millions in military aid, and have received commitments for a billion dollars of additional arms. Yet FOA also claims because Turkish standard of living, per capita income, and diets are sub-standard, more dollars should be given Turkey.

Yet, a few pages later FOA reports that from a base period of 1945-49 Turkey's cotton production increased from 65,000 to 170,000 tons, livestock increased from 55 million to 62,400,000 head, cereal production jumped from 6.3 million tons to 14.3 million tons, chrome production more than doubled, manganese production increased tenfold.

In 1952 Turkey was world's fourth largest wheat exporter, and with about one seventh of U. S. human population, Turkey's livestock population is one-third of the U. S. FOA also reports Turkey needs storage facilities; grain storage capacity has been increased from a half million tons to two million tons.

Thus, it appears Turkey's major problem is agricultural surpluses. American farmers would be pleased to know how FOA with dollar gifts would solve Turkish farm problem, which has yet to be solved at home.

Yet curiously while Congress has held exhaustive investigations on postal deficits of \$400 million per year, it has yet to make equally exhaustive probes at American foreign aid operations which have already cost taxpayers between \$50 and \$70 billion depending on which method of accounting is used.

## OKIWANITA CAMP FIRE GIRLS

The Okiwanita Camp Fire Girls have started working on the 1955 National birthday project which is "Let Freedom Ring" and is about the Bill of Rights. We have been busy working on our looms and making our beaded headbands. Most of the girls have earned their beads from each craft which is a requirement for the Wood Gatherers rank. Most of us have also finished sewing our felt symbols and bead on our ceremonial jackets.

For service some of us are raising house plants to give to shut-ins and others helped in family gardens. Last Fall we also helped the Jaycee-Ettes distribute handbills and we also voted on giving some money to the other two new Camp Fire groups.

We enjoyed singing Christmas carols with the other Camp Fire Girls at the hospital and at some of the homes. Two of our members, Doris Morris and Shirley Van Winkle worked on the committee to help choose games for our party after the carols.

We are beginning to make plans about our ceremonial where the girls who have completed all requirements can pass the Wood Gatherers rank.

Bernice Thomson and Julie Pfeiffer served refreshments at the last meeting which were cookies they had made.

## FREE PROGRAM FOR FARM FAMILIES ON JOHN DEERE DAY

Five Color Films to Be Shown

"Miss Hattie," a full-color, feature length movie, will be part of the entertainment offered farmers who attend the John Deere Day program to be given by Empire Machinery Co.

Farmers of the area and their families will be guests of an Empire Machinery Co. at a John Deere Day program to be held at the Star Theater on February 15.

The program, which will begin at 1:30, will feature the full-length, full-color movie, "Miss Hattie," a film story based on the life of the music teacher in a small town. According to the Empire Machinery, the picture features a cast of leading Hollywood players and was filmed especially for John Deere by the Wilding Picture Productions of Chicago and Hollywood.

Besides the feature, the program includes the film, "Freedom for Eric," the story of a displaced person from Central Europe and the amazing discoveries he makes of modern farm life in America. Additional films to be shown farmer guests that day are "Oddities in Farming," a newsreel type of picture depicting the unusual in farming practices; "What's New for 1955," a preview of new farm equipment that will be available during the coming year; and several short subjects.

"There will be no admission charge." The show is absolutely free to all farmers, their families, and their friends.
