### JOHN DEERE DEALER TO BE HOST TO FARMERS AND THEIR FAMILIES

A full-length, all-color film will feature the John Deere Day program to be held at Star Theater on Feb. 15. Empire Machinery Co. are to be host for the event.

Pictured here is a scene from the feature picture, "Miss Hattie," which headlines the program of five all-color films to be shown farmers and their families on John Deere Day.

"Miss Hattie" is the story of a lovely little lady who has taken upon herself the task of putting her small community's life to music. The story emphasizes the intense drama that can often be going on under the seeming serenity of small town life.

Grace Field plays the title role of "Miss Hattie," and the cast includes such Hollywood favorites as Lyle Talbot, Franklin Pangborn, Jan Shepard, Harrison Lewis, Vivian Zillman and Douglas Henderson.

**Other Films to Be Shown**

The Gordon family, perennial favorites of John Deere Day audiences throughout the country, will appear on the program in a new film, "Freedom of Eric". This is the story of a displaced person from Central Europe who is sponsored by the folks of the Gordon family's community. Tom Gordon again portrays a lovable head of the household whose stubbornness is matched only by his kind nature, which inevitably comes to light.

For the fifth consecutive year the series "Oddities in Farming" will make its appearance on the John Deere Day program. Again, the roving cameraman searches out the unusual in farming from all over the country and this year's film will cover such things as helicopter spraying and dusting in California, seining under the ice in Minnesota, the celery harvest in Michigan, and prickly pear farming in San Diego.

In addition to the main films there will also be shown several short subjects.

Feb. 8—Garden club meeting at the home of Mrs. Ernest Heliker at 2:15 p. m.  
 Feb. 9—Maranatha club meeting at the home of Mrs. Omar Rietmann in the afternoon.  
 Feb. 9—P.T.A. meeting at the school cafeteria at 8 p. m. Founders day program.

**MOST PEOPLE** still don't believe it. But it is true. And when you look into the facts, you'll find these two solid truths:

Buick is one of the "Big Three" in sales volume—and hotter this year than ever before. And Buick is one of the "Big Three" when it comes to prices which make such popularity possible. The price we show here proves it.

So why not get what a Buick has to offer, if you are in the market for a new car?

You find that the dollars you pay for Buick buy you a lot more automobile—and the sheer satisfaction that comes with bossing a brawny traveler of this caliber.

You find it in the record-high V8 power that gives life to this spirited performer. You find it in the soft and level and cruiser-steady ride that comes of all-coil springing and torque-tube stability. You find it in the extra roominess, the extra frame strength, the extra tread width, the extra silencing—all part and parcel of every Buick.

We could tell you about the little things, too. Things usually charged for as "extras" in other cars, but yours as standard equipment at no extra cost in every Buick. Things like direction signals, oil-bath air cleaner, full-flow oil filter, automatic lighting in glove and trunk compartments—and so on.

But—you get the idea. This is a buy, this '55 Buick—a great buy—and a thriller from the instant you press its gas pedal. Come in this week and check things for yourself, won't you?

\*2-door, 6-passenger Buick SPECIAL Sedan, Model 48, illustrated. Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities. Even the factory-installed extras you may want are bargains, such as: Heater & Delroster... \$81.70; Radio & Antenna... \$92.50.
