## Lexington News

**By Delpha Jones**

Holly Rebekah Lodge met in their hall on Thursday night with the N. G. Jo Irvin presiding. Minutes were read and approved, sick members were announced and cards were sent, and sympathy cards sent the family of Mrs. James Leach who passed away at her home in Winlock, Washington last week.

Mrs. A. F. Majeske was elected to take the degree of chivalry, and she announced her plans for taking it in Pendleton, if the opportunity was given this year, and thanked the lodge for the honor. Visitors, Mrs. Bill Smet-hurst of Hardman was introduced and welcomed. After a most successful meeting, Mrs. A. F. Majeske was installed as LSVG. A Valentine party was then enjoyed and games were played with Gene Majeck and Alice Majeck winning prizes. At this time secret sisters were revealed and new names drawn. Later refreshments were served in the dining room, by Mrs. Alex Hunt, Mrs. Ken Marshall and Mrs. Gene Majeck.

Let's not forget the visit planned for us by Alberta Dahuff who won the United Nations pilgrimage sponsored by the Odd Fellows and Rebekah lodges last year. She will speak on Thursday the 17th at the school auditorium and at this time the Lexington Lodge urgently invites all neighboring lodges and friends, to come hear her talk and see her movies.

Mr. and Mrs. Newt O'Harra have had as their guests this week, a daughter, Mrs. Roy Darnielle and two children of The Dalles.

Mrs. Trina Parker, Miss Dona Barnett, Mrs. Norma Marquardt, and Mr. and Mrs. Vernon Munkers motored to Winlock, Washington, and Portland on Saturday where they attended the funeral services of Margaret Leach, who passed away at her home last week after a long illness. J. Wayne Green, eminent Trichologist, demonstrates causes of baldness and how it can be prevented

**How To Have Hair For A Lifetime To Be Demonstrated Here By Famous Trichologist Offers Written Guarantee**  
An exclusive interview by Steven Bright

WICHITA (Special) — J. Wayne Green, Director of Rogers, Inc., Hair and Scalp Specialists, exploded the "myth of baldness" today in an exclusive interview.

"Baldness is unnecessary, costly, and a plague to mankind," says Green. "No man need be bald. No man need suffer the stigma of premature old age that is forced upon him because he is losing his hair. The Rogers method of hair and scalp treatment can prevent baldness—can turn colorless fuzz into healthy, growing hair—can make you look youthful again."

**Demonstration To Be Held in Heppner, Oregon**  
This revolutionary method of home treatment for the hair and scalp will be demonstrated in Heppner, Oregon, Monday ONLY, February 21 at the Heppner Hotel. Trichologist James Wilson will conduct the private, individual interviews from 12 noon until 9:00 P. M. on Monday ONLY. There is no cost or obligation, and you need no appointment.

**Reason For Baldness**  
"There is always a reason for baldness," continued this nationally known authority. "Hair cannot grow through a scalp that is infected with dandruff, excessive oiliness, or extreme dryness. A scalp that has never been exercised cannot be expected to produce healthy hair. Men, and yes, women too walk the streets today, completely devoid of nature's greatest ornament—hair. Simply because they were not taught the basic rules of hair and scalp hygiene while they were growing up."

"The simple answer," emphasized this expert, "is that children should be taught the same simple basic rules of hair and scalp hygiene that they are taught for the proper care of their teeth. If this were the case, baldness would be a rarity today!"

**Heredity Not Involved**  
Trichologist Green dodged no issues. He quickly took up the most widely spread theory of baldness—heredity. "Mankind's unrealistic belief that baldness is hereditary stems from a misinterpretation of the theory of genetics.

Theory does not state that any person must be bald because baldness exists in the family. What it does say, is that in some families, a tendency exists towards an undernourished scalp. The purpose of the Rogers Hair and Scalp Clinic is to teach the methods of strengthening the weak scalp and nourishing it to a healthy, vigorous condition. "A healthy scalp will grow hair if it is not already completely bald," assures Green.

**Is There Hope For The Completely Bald**

In his travels throughout the United States and Canada, Green has collected hundreds of testimonials of his ability to develop weak fuzz into healthy, mature hair. All of his clients have started with a private examination, hair and scalp analysis, and a diagnosis of the disorder. Green is quick however, to tell a hopeless case that he cannot be helped. "We strongly advise," says Green, "that no person who is completely bald hold any hope whatsoever of regrowing hair. If there is any fuzz at all, we can restore a healthy scalp condition and the hair will grow normally again as nature intended."

**Offers A Guarantee**  
Rogers, Inc., America's Foremost Hair and Scalp Specialists, offer a guarantee to any client who enrolls for treatment. If he or she is not completely delighted with results at the end of 30 days, the money invested will be graciously refunded," pledged Green. "We must grow hair. After all, it is our best advertisement."

**Is Your Hair Healthy?**  
If you have a scalp disorder, or if you are worried about your hair, call Trichologist James Wilson at the Heppner Hotel, in Heppner, Oregon, Monday ONLY from 12 noon to 9:00 P. M. The public is invited. The examinations are private and open to men and women. You do not need any appointment, and you will not be embarrassed or obligated in any way.

**Telephone call saves farmer \$400.** Gus Holman, pointing above, of Butte Four Corners, Calif., is a farmer who really values his telephone. Not long ago, he and his brother needed a tractor fast. They couldn't find one nearby at the price they wanted to pay. So they went to their telephone. With one call, they found just what they needed . . . at a saving of \$400. Cost of the call: only \$1. "Our telephone pays us back a lot more in time and money saved than it costs us," says Mr. Holman. And that's the aim of telephone people everywhere—to bring you the good service you need to get things done . . . and to bring it to you at low cost. Pacific Telephone works to make your telephone a bigger value every day.
