# WOW, WATTA WIND!

That was some windstorm that temporarily interrupted Reddy's service Monday!

It toppled trees into lines, tangled wires together, snapped power poles—did just about everything possible to interrupt electric service!

We know it's no fun to be without electricity. That's why our men kept going full speed under extremely difficult conditions to get service back to normal at the earliest possible moment.

Thanks for being so patient while we repaired the storm damage.
