JOLLY STITCHERS

The Jolly Stitchers met Satur-
 day March 19. We have finished
 our garment protectors and are
 now sewing our waistbands on
 our skirts.

Everyone was present except
 Beverly Blake. We had a visitor,
 Sandra Jones.

Our next meeting will be April
 2 at the Van Winkle's home.
 Sheryl Harris, reporter.

RIP AND STITCH

The Rip and Stitch sewing club
 of Ione had a meeting at Mar-
 dine Baker's home, Thursday
 March 17.

At the past meeting we decided
 to have the next meeting at
 Brenda Townsend's April 16.

We worked on our sewing and
 Mardine served cupcakes deco-
 rated with green frosting, home-
 made ice cream and punch.

Our club had a display in the
 window of Bristow's store during
 4-H club week.

Fairlane Town Sedan, one of 3
 four-door sedans to select from

Automatically your best buy!

Ford's five power assists combine to give you more added convenience and
 extra driving ease than you can get in any other car in Ford's field!

It's great fun to step into a Ford's rich, colorful
 Luxury Lounge interior . . . to touch the gas
 pedal and feel the might of Trigger-Torque
 power responding instantly to your every wish.
 It's fun, too, to bask in the admiration aroused
 by Ford's Thunderbird-inspired styling.

But, for the ultimate in driving fun and ease,
 try a Ford with Ford's optional power assists:
 new Speed-Trigger Fordomatic, power steering,
 brakes, windows and seat. Ford's power assists
 combine to do the most for you automatically
 . . . so you get the most out of driving!

Automatic Driving at its Best

Speed-Trigger Fordomatic
 Drive has a new, automatic
 low gear which lets you start
 in low, shift to intermediate
 and then into high—all auto-
 matically—all while the drive
 selector lever is in drive posi-
 tion. It's the only "automatic"
 in its field that combines the
 smoothness of a fluid torque
 converter with the versatility of
 three automatic forward gears.

Power to Steer For You

Master-Guide Power Steering does
 up to 75% of the steering work for you
 on turns . . . yet you retain the natural
 feel of the wheel on straightaways.
 It's a great help when parking—makes
 all driving easier and more relaxing.

Power to Apply Your Brakes

Swift Sure Power Brakes do up to
 one-third of the stopping work for you.
 And there's built-in safety. With power
 off, you stop your car as easily as
 though your Ford were equipped with
 the standard braking system.

Power to Adjust Your Seat

Ford's 4-Way Power Seat is the only
 power seat in Ford's field that adjusts
 "up and down" as well as "forward
 and back" for most comfortable driving
 positions. A touch of the conveniently
 located single seat control does it!

Power to Lift Your Windows

With Power-Lift Windows you don't
 need to stop in order to open or close
 all side windows. Driver can operate
 all four windows from the master con-
 trol. And each passenger has a sepa-
 rate control switch for his own window.

And there's Trigger-Torque power to give you more "Go"
