## New Power Tie-In With McNary Planned For Heppner Area

An additional source of power supply for the Heppner area is one of the projects included in Pacific Power & Light company's \$12,655,000 construction program for 1955, according to J. R. Huffman, local manager for the company.  
 A \$50,000 transmission line running directly into the switchyard at McNary dam will connect with Pacific Power's transmission system at Umatilla. Power feeds here from western Umatilla county over the transmission line to Jordan, Huffman said.  
 In addition to the large construction program scheduled for the year, Huffman said that Pacific plans to spend an additional \$619,000 during 1955 in investigating and planning for development of new power resources.  
 New generating capacity of nearly 1,500,000 kilowatts is involved in the power studies under way on the middle Snake river, the Clearwater, the Lewis and the Santiam.  
 Total of the building planned for the Pendleton district, which includes this area, is more than 540,000, Huffman said. Approximately \$217,000 will be used for expansion of lines and equipment to serve new customers and to provide additional service for present customers.  
 Completion of the 1955 construction program will bring to more than \$147,650,000 the amount Pacific Power has spent in improvement and expansion of its power system since the end of World War II, Huffman said.

# OPEN HOUSE EVENT

FREE COFFEE AND SNACKS ALL DAY! HAVE SOME

What would Open House be without delicious coffee and something to munch on. We'll have it and it will be free, so come and relax for a while at our Open House Event on Saturday.

Like parties? Of course! So come to our Open House party and see what's new and nicest for the home; especially for the kitchen, this Spring, 1955. Appliances were never more wonderful to see and to learn about and you'll agree that this is especially true of famous Zenith Home Appliances. They're not only lovely to see . . . but so wonderful to use because with their beauty there is that usefulness which every user so much expects in things made for constant use and convenience.

The Home of the Famous ZENITH \$AVE-U-PLAN THAT SAVES YOU MONEY ON THE FINEST HOME APPLIANCES!

Claims, claims, claims are a common practice in the appliance and other merchandise fields; but, when you buy an appliance it is necessary to consider two factors. One is price; the other is what you get for the price. We honestly believe that the Save-U-Plan price on a Zenith home appliance represents the greatest value, all factors considered. Nothing is ever "taken out" of a Zenith appliance to arrive at a low price. The only thing that is taken out by the Save-U-Plan is those grandiose promotional and advertising schemes which create high price . . . along with such other expenses as lavish "salon" type display rooms, multiple warehousing costs and the like. Compare size, features, quality, construction, finish, style, convenience when you buy.

## The Gorgeous Zenith Washer Twins

<b>Custom Automatic Washer</b>	<b>Custom Automatic Dryer</b>
Again we say, Compare! You'll rave over the beauty, the efficiency and the value offered in this sensationally beautiful and efficient automatic washer.	The perfect companion to the washer "twin", Deluxe in every respect; value to a high degree. Inspect its beauty and features that assure lasting service.
