

## Funeral Held At Monument For Otis Stubblefield

By Martha Matteson  
Funeral services were held Wednesday March 30 for Otis Stubblefield who passed away March 28 at his home here. Survivors include his wife, Ellen, three sons, Johnny, Delbert and Norris; two brothers, Murd and Orin; five grandchildren, nieces and nephews and many friends. Saturday April 2 was Pomona grange day at Monument. Fred A. Cox of John Day spent the weekend in town visiting his brothers, Archie, Richard, Carl,

Johnny and their families. Delmer Settle drove to LaSall, Utah March 28. Jessie Matteson is staying on the ranch with Mrs. Settle and children during his absence. Leo Flowers was a business caller in Heppner on Friday and got wallboard to fix up his home. Elmer Matteson is doing the carpenter work. Donna and Bobby Porter drove up from California with their mother, to visit with friends and relatives here at Fox.

The Raymond Hooker family returned from the valley Monday evening, where they were called by the death of her mother, two weeks ago. Ben Hinton has been visiting his sister, Ellie Durst and Ivy Barnard the past week, he returned to his home in John Day on Monday. Mr. and Mrs. Jim Wedgeworth drove to Portland where he had a medical check up. Vern McCarty has rented the farming land from Roy Miller and is busy plowing and seeding. Stan Boyer was in Redmond and Prineville one day on business and brought back a load of feed.

valuable prizes we could work for in the future. Mr. Anderson showed us two movies, one on picking the right type of animal for showing and the cuts of meat available from a steer. After refreshments we played baseball. Guests were Mrs. DeWard Terry, Mr. and Mrs. Anderson and sons and Mrs. Mel Follet. Billy Doherty, reporter.

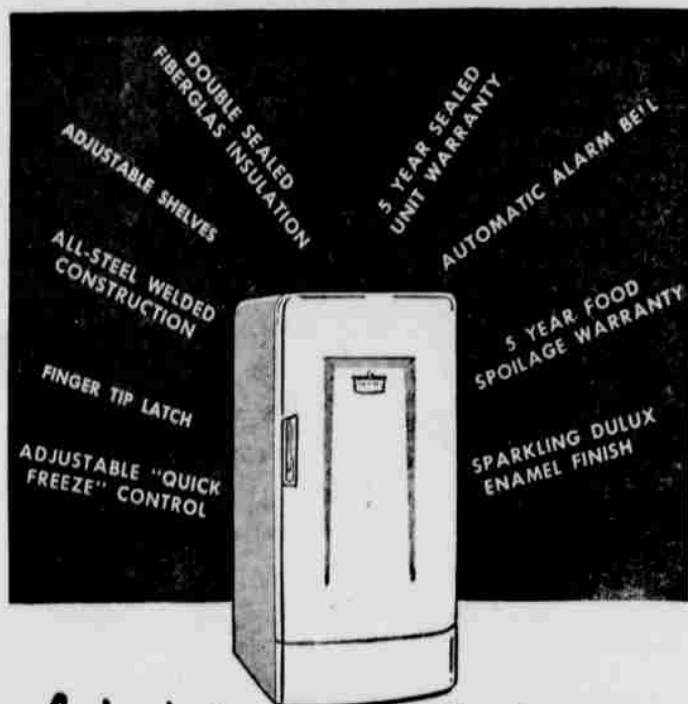

## Oregon Cattlemen's Convention Slated May 8 at Corvallis

Beefsteak and salmon, nationally-known products of the state for years, will be featured fare at this year's Oregon Cattlemen's association convention May 8 to 11 at Corvallis. Highlighting a long list of special events are the traditional "Buckaroo Breakfast," and a salmon bake sponsored by the Corvallis Retail Merchants association. The beefsteak breakfast will be at 6 a. m. on May 10 at Avery park. And the salmon-bake luncheon, May 9, at the park, will be "old Indian style." The hosting organizations—the Benton County Cattlemen's association, the Benton county chamber of commerce, the Oregon State college—are making certain that in addition to the regular business and committee sessions, association members attending will have top food and entertainment. Other special events scheduled for the expected 700 cattlemen and their wives are a "Buckaroo Dance," May 9, at the Corvallis Elks club; the association's annual banquet, May 10, in the college Memorial Union building with an OSC student talent show entertaining; a special breakfast by the OSC Withycombe club at the Corvallis hotel, May 11; and a May 10 luncheon at the college for the state Cow Belles association. Tours of the OSC campus and nearby industries are being arranged along with possible trips to the coast. Convention plans and arrangements are being handled by a number of committees. Members of the executive committee in charge are Ed Albertsen, Benton county cattleman, chairman; F.E. Price, dean of agriculture at OSC; Dr. Fred McKenzie, head of the OSC animal husbandry department; Jack Butler, Corvallis business man; and Bill Catlin, secretary of the Benton county chamber of commerce. Our group is making prizes for the carnival the Lions club is giving for the band uniforms. We hope you will attend. Beverly Blake, reporter

## 4-H CLUB NEWS

Steve Kincaid was in town Friday evening from Canyon City. N. Butler returned to his home here after visiting folks in Canyon City for the past week. Mr. and Mrs. Ed Rounds spent a few days in John Day where he had his checkup. Mamie Ferguson is home from Boise, Idaho where she has been for two months. Ivan Geinger, Floyd Vaughn of Parks Air Force Base, California are visiting folks, they are to return to camp on April 7. Everyone is getting tired of waiting for spring to come, freeze and snow melt every night, with the fruit trees and flowers trying to bloom. The M. M. M. club will meet this Thursday at the home of Ida Bleakman. Mr. and Mrs. Leo Harding of John Day were here for her brother-in-law's funeral last Wednesday. Lewis Batty of La Grande was in for Pomona grange on Saturday. Bob Kingman of the Columbia Power Co-op was busy wiring the new garage on the Matteson place last Saturday.

## 4-H CLUB NEWS

**BUTTER CREEK JCT. 4-H CLUB**  
 The Butter Creek Jct. Livestock club met at the William J. Doherty home Sunday, March 27 with Carl Rhea and Delwin Nelson leaders. All members were present but Doug Terry who was trailing sheep. The meeting was called to order by the president Larry Campbell. We discussed ordering our jackets to have them in time for achievement day and The Dalles show. Mrs. Carl Rhea measured us for size. Nels Anderson explained the importance of keeping our record books up to date and the

## GAY LITTLE COOKERS

The Gay Little Cookers met at the home of their leader, Mrs. M. C. Huggett on Thursday, March 24. There were five members present. Connie Anderson and Wilma Bothwell made tapioca pudding. Our next meeting will be held on April 7 at our leader's home. Shirley Nash, reporter

## THE SEWING BEES

The meeting was called to order by vice president, Linda Van Winkle. Roll call was answered by saying some project we have completed. We worked on our projects, discussing our books, decided on who would serve for the following meeting. The meeting was adjourned. Barbara Steagall, reporter

## O KI ZU CAMP FIRE NEWS

Camp Fire activities for the month were on March 13 we had a ceremonial. We were awarded our pins and ceremonial jackets. One member of our group, Judy Schmidt was awarded the three year membership pin. Our part of the ceremonial was the Lily Marlne dance and we illustrated Bell Ringers of Freedom. We attended a city council meeting as part of our project to see how the Bill of Rights affected us. We voted on going to the Christian church. That is all Blue Bird and Camp Fire Girls were to attend the service. We may go to Rock creek Saturday. If we go we are to pack our lunch in a bandana. Beverly Blake, reporter

## Brea aqua news

LESTER WYMAN SAYS:

## Spring Wheat Shows Big Response To Brea Aqua Ammonia Plus Sulfur

DID YOU KNOW THAT: (1) According to the California Bureau of Chemistry, California growers used more than three times as much aqua ammonia (20-0-0) the first 9 months of '54 compared to the same period of '53? (2) The rate of increase was 26 times that of any other non-solution type of nitrogen fertilizer? (3) At the same time, Aqua jumped from 5th to 2nd place in total tonnage? Shows what can happen when you take the lift and lug out of fertilizer handling with low-cost fertilizer samples-in-solution. I like to tell my customers that "with Brea Aqua you don't lift anything heavier than the end of a two-inch hose!"

SHALLOW DRILL APPLICATION of Brea Aqua Ammonia minimizes soil and seed bed disturbance, conserves soil moisture, cuts time and equipment costs.

OUR DRILL APPLICATION RIGS are doing a nice job for customers these days, and naturally we are well equipped and ready to handle more customer acreage. Things are happening so fast in the fertilizer business that I know we can save you money and do a better job if you will let us help you with your nitrogen needs.

More and more local grain producers are boosting yields and profits with Brea Aqua Ammonia Plus Sulfur (18-0-0-2). Both experiment station and grower tests show remarkable response of Northwest grain to Brea's low-cost, high-performance nitrogen solution with sulfur added. Brea Aqua Ammonia Plus Sulfur is a "natural" for grain. It combines speedy, mechanized fluid handling with shallow drill application which soaks nitrogen and sulfur into the soil at just the desired number of pounds per acre. Shallow "soak-in" application of Brea Aqua at depths of only 4" keeps maximum moisture in the soil and places nitrogen where it is immediately available for germinating spring wheat. Nitrogen closer to the surface boosts young wheat when it needs it most and gets it off to a fast healthy start. For more information and help in planning your nitrogen schedules for spring grain... call us today. We'll be happy to show you how Brea Aqua Plus Sulfur pays for itself over and over again. You'll like our fast service, low cost, and the big pay-off in crop response.

BREA AQUA AMMONIA stores well in the soil, and because of its long lasting qualities can be applied successfully during spring ploughing for winter wheat. Many of our grower customers save considerable time and money by combining application with other cultivation operations.

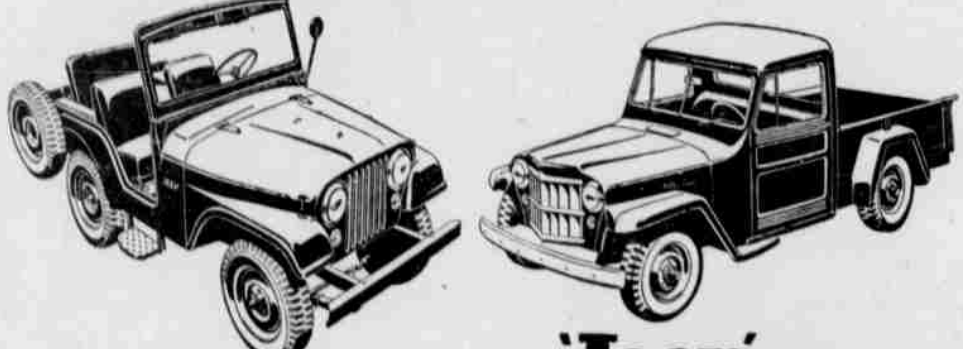

PEAS AND SWEET CLOVER also show a good response to Brea Aqua Plus Sulfur. Our field service men will be glad to work with you on programs for these important crops.

Just call us and we'll come out and show you how Brea Aqua Ammonia can make more money for you.
