Farm Youth Exchange Talks Scheduled; Six to Visit State

Spring and summer activities for the International Farm Youth Exchange program in Oregon get underway this month, according to Mrs. Winnifred Gillen, state 4-H agent at Oregon State college and local IFYE director.

Two Oregon farm youths who have lived with South American families for the past five months are now scheduling a series of talks on their activities abroad to Oregon farm and civic groups.
George Jefferson, Madras, returned recently from Uruguay where he lived on four different ranches. Bill Abel, Astoria, was on three ranches in Argentina. Jefferson, 23, and Abel, 22, are both juniors at OSC. They documented their visits with colored slides which they will show during their talk-tour of Oregon starting in May.

Miss Dorothy Teel, county extension agent at large, is also scheduled for a series of talks about her IFYE experiences in Germany last fall. Local speaking engagements for the three IFYE's are arranged through the county 4-H agents.

Four IFYE farm youths from Burma will arrive in Corvallis on May 13 for a three-day orientation of this country's agricultural economy and family customs. Jackson and Josephine counties will each host two of the visitors. They will also spend time on farms in Marion county before leaving Oregon July 16, to continue their seven-months U. S. visit in Illinois.

Blas Bravo from Argentina is slated to reach Oregon May 9. Miss Tudi Waeli, Switzerland, is scheduled to arrive July 27. Her brother is a student at Oregon State college this year.

The IFYE program is sponsored by the National 4-H Club foundation and the U. S. department of agriculture extension service. It is financed by 4-H club members, civic clubs, farm organizations, business concerns and others interested in furthering world understanding. No federal or state government funds are used to finance the exchanges.

Now you know!

The answer to everyday insurance problems*
By Turner Van Marter & Bryant

QUESTION: We think we should increase the fire insurance on our house but wonder what to do about our furnishings. Is there any rule which we can apply for valuation purposes?

ANSWER: The best method is to take an accurate inventory. The value of the furnishings even in a very modest home which has been established any length of time can run into several thousand dollars.

*If you'll address your own insurance questions to this office, we'll try to give you the correct answers and there will be no charge or obligation of any kind.
