Are you getting full strength fertilization?

## Shell's way is the Sure way

to fertilize with Nitrogen

FIRST-AND BEST-IN AMMONIA FERTILIZATION!

NH<sub>3</sub> (anhydrous ammonia) is the fertilizer richest in nitrogen. Guaranteed 82% nitrogen, it carries more of this vital plant food than any other type of fertilizer. It provides wheat with nitrogen in a form it can use immediately, and maintains a supply of plant nourishment throughout the growing season.

When you buy Shell NH<sub>3</sub>, you get the most experienced NH<sub>3</sub> fertilizer service. Trained dealers—with years of Shell know-how behind them—supervise the whole job

for you. These specialists know local crop and soil conditions, use application equipment perfected through years of experience. Shell's way is the SURE way!

Shell NH<sub>3</sub> applications help speed up decomposition of crop residue, improve soil tilth, provide the right amount of nitrogen at planting time to get seeds off to a healthy start. You get healthier stands, yield increases up to 50% or more, and a return of as much as \$4 for every \$1 invested.

Ask us for a copy of the Shell NH<sub>3</sub> bulletin on the SURE way to fertilize wheat.
