Hottest news in Hardtops is the 4-Door Riviera

Why take anything less than the sensation of the year?

HOTTEST NEWS IN AUTOMATIC DRIVES IS VARIABLE PITCH DYNAFLOW
 It's the world's first transmission with the switch-pitch principle of the modern airplane's variable pitch propeller. You get better gas mileage in cruising. You switch the pitch just by pressing the gas pedal — and get lightning-like response for getaway, or for a sudden safety-surge of accelerating power. It's the performance thrill of the year. Standard on ROADMASTER, optional on other Series at no more extra cost than earlier versions of this wonder drive.

WHEN you learn what's been done in the automobile pictured here, you can easily see why this beauty is winning rave notices coast to coast.
 Buick engineers took the hardtop body design that has been growing tremendously in popularity over the past six years — and gave it four doors instead of two.
 Simple? Sure — to all outward appearances.
 But it took a brand-new kind of body with wholly new structural principles to do it — to bring this long-awaited new kind of automobile to the public in volume numbers and at popular prices.
 For this is a true hardtop — with the sleek and racy look of a Convertible, because there are no center posts in the window areas on either side.
 And now it has front doors for the front-seat passengers — and rear doors for the rear-seat passengers — plus room increased to the size of a full Sedan.
 (It took some special kind of engineering magic, you can be sure, to hinge all four doors at their forward edges for greater safety, and more ease of entering and exiting.)

Local Delivered Price of the 1955 Buick SPECIAL \$2638.27
 2-Door, 6-Passenger Sedan, Model 48 (illustrated) is
 Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities. Even the factory-installed extras you may want are bargains, such as: Heater & Defroster—\$81.70; Radio & Antenna—\$92.50.

Thrill of the year is Buick

So it looks like Buick has scooped the industry again — and come up with the hottest news in hardtops since Buick originated the first two-door hardtop six years ago.
 And you can have it now — in the low-price SPECIAL or the supremely-powered CENTURY — and either one at the modest extra cost of a 4-door model over a 2-door.
 Drop in on us today — this week, for sure — and see how easily and how quickly one can be yours.
